THE MACROCARPA COLLECTION

NEW ZEALAND GROWN.
NATURALLY EXTRAORDINARY.

Macrocarpa is one of New Zealand's most beloved timbers. Grown in the country's harsh coastal conditions, it develops extraordinary character—with rich golden tones, striking grain patterns and natural durability.

Each slab tells a story of wind, salt air and time. We honour that story by crafting timeless pieces that bring warmth, authenticity and lasting beauty to the spaces where life happens.

BESPOKE TABLES FOR
RESTAURANTS, BARS,
HOTELS & HOSPITALITY

Great spaces bring people together.
Our tables are crafted to elevate
the guest experience—combining
natural beauty with strength,
functionality and timeless appeal.

From intimate dining rooms
to bustling bars and luxury
accommodation, we create custom
pieces that are as hardworking as
they are beautiful.
