Primary Bedroom Suite

Step into the epitome of luxury as you enter the primary bedroom. The walls are painted in a rich poplar hue, perfectly complementing the stunning Van Tassel stone fireplace. The fireplace features custom doors crafted by Northshore

Ironworks, adding a touch of artisanal elegance. Expansive windows frame breathtaking views of the property and lake, while electronic blinds in the bedroom, sitting room, bathroom, vanity, and woman's closet offer effortless privacy and convenience. Adjacent to the bedroom, the sitting room provides a serene retreat—ideal for curling up with a good book or savoring a morning coffee. This cozy space opens onto a private balcony, the perfect vantage point for enjoying spectacular sunsets.
