

Primary Bathroom

The ensuite bathroom is a masterpiece of design, featuring white and gray marble throughout. Stained glass windows, created by local artist Penny Kristo of Shade Tree Studios, add a unique and artistic touch to the lady's vanity and closet. Custom cabinetry, crafted by Penta Associates, is seamlessly integrated into the bathroom, vanity, and both closets, offering both beauty and functionality.

The centerpiece of the bathroom is the WaterTECH Whirlpool jetted tub, complete with an electric heater, LED underwater mood lighting, and a handheld shower head. A separate water closet ensures privacy, while the shower is a true spa-like experience. Designed by Myers Tile, the inlaid marble shower features dual side jets, a rain head, and a handheld shower head for ultimate relaxation.
