

Grand Living Spaces

The Great Room boasts a soaring 32-foot ceiling, showcasing the Douglas fir timbers illuminated by LED lighting. West-facing windows frame picturesque lake views, while a lakeside porch offers a tranquil retreat to enjoy sunsets or watch sailboats glide by. A Van Tassel stone fireplace, custom-designed by Northshore Ironworks, anchors the room, which features two seating areas and a custom room divider by Cabinetry Ideas that seamlessly connects the living and dining spaces.
