

Luxury on the Lake:

A Masterpiece on Walloon Lake

Welcome to 850 W Bear River Road, a stunning 14,636-square-foot gated estate nestled on the serene North Arm of Walloon Lake. Designed by the renowned Gary Nance of Gary Nance Design in Carmel, Indiana, this extraordinary home is a harmonious blend of timeless craftsmanship and modern luxury. With cedar shake siding and roofing, complemented by Van Tassell granite stone accents (quarried in upstate New York), and adorned with copper gutters and downspouts, the property exudes elegance. The tree-lined grounds provide a natural border of privacy, while the heated driveway leads to an oversized three-car garage. A four-tier water fountain graces the front entry, setting the tone for the grandeur within.

850 W. Bear River Road in Petoskey Michigan, on 387 ft. of Walloon Lake frontage.
