

Message from Brig

When I think back to 2012 — to that tiny idea born from love and hope — I am in awe of how it has blossomed into something so meaningful. Together we have achieved over 30,000 sterilisations. I am forever grateful to the National Sterilization Project (NSP) for their beautiful collaboration and unwavering support. What you do for us, and for the animals, is simply extraordinary.

A very special thank you to the wonderful Des van der Spuy, who so selflessly gives of her time each year and helps us share our story with so many more hearts in Durban. Your kindness, generosity, and belief in what we do mean the world to me — I am truly so grateful for you.

This production comes to life because of the incredible teachers, dancers, choreographers, and all the beautiful souls who pour their love and energy into this show. To the amazing Milkwood Theatre management and staff, Webtickets, our generous sponsors, dedicated media, and the countless friends working quietly behind the scenes — thank you for standing beside us, year after year. Your unwavering support and belief in what we do touch my heart more than words can express.

And to our audience— you are our heartbeat. Without you, none of this would be possible. Every ticket sold, every seat filled today, means one more animal has the chance to live a better life. You have each helped to sterilise an animal and, in doing so, you've helped change their future. From the bottom of my heart — thank you.

I want to honour all the beautiful souls working in animal rescue, welfare, and associations, as well as our dedicated vets who work at welfare rates to make these miracles possible. Your compassion, strength, and tireless work humble me. Please continue to support us on MyDifference — every small act makes a huge difference.

Thank you to AWS Philippi for the privilege of being your ambassador. I wear that title with pride and gratitude.
