ANNUAL MEMBERSHIP

STANDARD

\$199

PREMIUM

\$499

You can get started with 7k by purchasing an annual membership. The Membership allows you to buy precious metals at dealer direct pricing and refer others to purchase collectible coins in the program so you can accumulate points (see Points section below).

An annual membership for \$199 gives you access to dealer direct pricing for precious metals. It also gives you access to our collector's program, "Coin of the Month" AutoSaver.

You will receive a collectible coin of any grade in the Membership. You will also receive access to your online "Back office," where you will find special training and our Buyers Certification program. You will also receive three months of free technology credits used for the 7k app and advanced business tracking.

The annual Premium Membership for \$499 includes all the member benefits listed above and includes one MS-70 collectible coin, business cards, personalized Wealth Strategies booklets. You will also receive 12 technology credits.

Once you are a member, you can become eligible for commissions by meeting the requirements of an Associate (see the section below "Achievement Level / Rank"). Once you have qualified to receive a commission (which, by the way, will be a minimum of \$500), you will be asked to sign the Associate Agreement electronically. All commissions are placed on hold until Associate Agreements have been signed and submitted to 7k. Associates agree to pay a \$10 per month technology credit fee for the use of the Marketing website, Downline Explorer, 7k app, and other tools provided if you no longer have credit available from your Membership.

EARNING POINTS

You will be building a team with two sides, one left and one right. When a transaction that has points occurs on either side, by anyone in your team, regardless of who their sponsor is, YOU earn points on that side of your team. Points begin to accumulate towards your team totals immediately after your enrollment and continue to accumulate as long as your account is active.

After cycling, points in the strong leg continue to accrue, and points in the pay leg are set to zero after any weekly cycle(s) are achieved. Points in the pay leg that are short of reaching the next cycle commission check, up to max payout, convert to loyalty points for copper and above ranks.

Loyalty points can be used to purchase selected collectible coins shown in the loyalty shopping section.

There are two ways to accumulate points.

As you, or anyone on your team, sells potential customers the 7k Membership, you earn 50 points per standard Membership and 150 points per premium membership. Members will also purchase 7k select products that carry points, such as collectible coins, graded coins, and jewelry. Products that have points are clearly marked in the shopping cart. When you, or anyone on your team, purchases these products, you earn points (Products in the shopping cart typically carry 2-30 points, gold and silver purchased at direct dealer prices do not carry any points).

When your accumulated point totals are at least 500 for each side of your team, you have earned a "cycle" (7k may elect to offer reduced cycles as a promotional offer).

CYCLES & COMMISSIONS

At the end of each week, Saturday midnight MST, the following happens:

1. The program checks to see how many cycles you earned. Each multiple of 500 points is one cycle. So, at least 500 on each side is one cycle. At least 1000 points on each side are two cycles, and so on.
2. The program then checks to see if you are qualified to be paid a commission for each cycle. Your qualification for the commission is determined by your Achievement Level (Rank).
3. For each cycle that occurred, 500 points are deducted from each side of your team. So, if you earned one cycle by having at least 500 points on each side, then 500 points are deducted from each side. If you earned two cycles by having at least 1,000 points on each side, then those 1,000 points are deducted from each side of your team. Points are deducted and "cycle" EVEN IF YOU DO NOT QUALIFY for the commission.

NOTE: Until a cycle is earned, your points remain intact and will continue to accumulate as long as you are active. Select one of the three "Coin of the Month" options to guarantee your active status.

Your points can accumulate up to 7,000 points or more on each side, earning you up to a maximum of 25 "cycles" per week. Each cycle is potentially worth \$500 if you qualify for commissions. Yes, you can earn up to \$12,500 per week with 7k!

To qualify for commissions, you must stay active and gain an achievement level of at least "Associate." You remain active by generating at least 15 points every 36 days. You can generate points by selling memberships, selling to customers on your retail ecommerce site, or buying the AutoSaver Coin of the Month (Personal Qualifying Volume (PQV)).

ADDITIONAL WAYS TO EARN

- Profit sharing from retail sales through personal e-commerce website.
- Specialty and low-mintage coins sold through corporate-sponsored calls, shows, or events. Points and frequency vary.

LOYALTY POINTS

Loyalty points are accrued through various activities and can be used to claim additional free selected products.

- New Teammate Onboarding = 50 Points to Sponsor
- Monthly AutoSaver = 30 Points to AutoSaver Recipient
- * Banked Points.

Earn a free coin in less than a year by being on AutoSaver.

DETAILS

- Personal Qualifying Volume (PQV) is earned through personal product purchases, membership sales, or e-commerce sales. Must have minimum 15 PQV every 36 days for active status. All accumulated points will be forfeited if not qualified in 45-day period.
- After cycle points are removed, points in the strong leg continually carry over. Points in pay leg reset to zero after any weekly cycle(s) achieved.
- * Points in pay leg that are short of achieving the next cycle commission check, up to max payout, convert to loyalty points for coppers and above.
- Leadership points can be earned through Standard Plus (1 pt.) and Premium (2 pts.) membership sales, which allow points on lesser leg to rollover. One point equals one pay cycle where points will rollover.

POINT ACCUMULATIONS

After cycle points are removed, points in the strong leg continue to carry over. Points in the pay leg reset to zero after any weekly cycle(s) are achieved. Points in the pay leg that are short of reaching the next cycle commission check, up to max payout, convert to loyalty points for coppers and above.

Leadership points are earned through premium membership sales (2pts), which allow points on the (pay) lesser leg to rollover. One-point equals one pay cycle where points will rollover. For example, if you are a Copper Rank and earn 900 points on your left side and 600 points on your right side, you have earned one "cycle." The program will check whether you are eligible (are you active and have you reached a Rank). Since you are eligible to be paid for two cycles per week as a Copper Rank, you will earn \$500 for the "cycle," and 500 points will be deducted from each side, leaving you with 400 points on your left and 100 points on your right would be assigned to loyalty points.

In the same scenario, if you are an Associate Rank, you will also earn \$500 for the "cycle." However, since you have reached the maximum cycles allowed for your Rank, the points on your lesser side will reset to zero, and you will start the new week with 400 points on your left and zero points on your right, and no points will be assigned to the loyalty program.

Please note that if you do not personally generate at least 15 points within 36 days, your existing accumulated points will be forfeit and reset to zero. This happens 36 days after your last personally generated points (last active date).

COIN OF THE MONTH & PRODUCTS THAT CARRY POINTS

There is one additional feature to help build points faster! Points from products you purchase accumulate directly to your lesser team totals. That means that you earn points when you buy the AutoSaver Coin of the Month, jewelry, or other items that carry points. This does not apply to your membership enrollment nor your Membership renewal. Points from a single transaction will be dedicated to one side or the other and cannot be split between teams. If both sides are equal, then points from your purchase will be added to your left side.

TERMS & DEFINITIONS

Accrue: Points can begin to accumulate as soon as you enroll.

Active: You must personally generate at least 15 points every 36 days.

Associate: Members that have decided to build a business, earned a commission and signed and submitted the Associate agreement.

Inactive: Any associate or member that does not personally generate at least 15 points for 36 days. After 45 days, points will forfeit.

Member: An individual who has executed a Member Application and Agreement that has been accepted by 7k and who is not an Associate.

Pay Period: Each pay period begins Sunday at Midnight. MST and ends Saturday at 11:59 PM MST. Commissions are calculated and paid weekly with a 10-day delay.

Personal Points: Points that you personally generate by selling a Membership to a Member or purchasing the AutoSaver Coin of the Month or other item that carries points. Also, any sale of qualifying products from your e-commerce site will qualify you. This information is tracked to ensure sales activity and commission eligibility.

Reset: If you have earned the maximum cycles for your Achievement Level (Rank), your lesser side will reset to zero points.

Loyalty Points: Points that are accrued through sponsoring a new member (50 points), Monthly Autosaver (30 Points), or through banked points can claim additional free selected loyalty products.

Banked Points: Points that are short of achieving the qualified cycle and not earned in the weekly cycle check will be considered banked loyalty points.

Leadership Points: Can be earned through premium membership sales (2pts), which allow banked points to carry forward to one additional weekly cycle. One point equals one pay cycle where points will roll forward.
