

INCOME DISCLOSURE

The income statistics above are for all U.S. 7k Metals Associates who were eligible to earn downline commissions during the period November 4, 2016 to June 30, 2018 (the "income period"). Associates who were inactive during the income period received no income at all. The average income for all Associates during the same period was \$1,000. 29% of all Associates do not continue with 7k Metals after their first year. Out of all Associates who enrolled as U.S. Associates since the beginning of the income period, approximately 71% were still active at the end of the income period. During the income period, 8% of all Associates received no income at all. Note that these figures do not represent an Associate's profit, as they do consider expenses incurred by an Associates in operation or promotion of his/her business. The figures above refer to gross income (total income before any expenses are deducted). The expenses an Associate incurs in the operation of his or her 7k Metals business vary widely. Expenses for Associates can be several hundred or thousand dollars annually. You should factor in estimated expenses when projecting potential profits. Such operating expenses could include advertising and promotional expenses, train, travel, telephone and internet costs, business equipment, and miscellaneous expenses. The earnings of the Associates in this Income Disclosure Statement are not necessarily representative of the income, if any, that a 7k metals Associate can or will earn through his or her participation in the 7k Metals Compensation Plan. These figures should not be considered as guarantees or projections of your actual earnings or profits. Any representation or guarantee of earnings would be misleading. Success with 7k Metals results only from successful sales efforts, which require hard work, diligence & leadership. Your success will depend upon how effectively you exercise these qualities.
