Interim Editor lands on the
endangered species list?

The Howler {unleashed, as it were}

You are encouraged to submit articles, stories, announcements

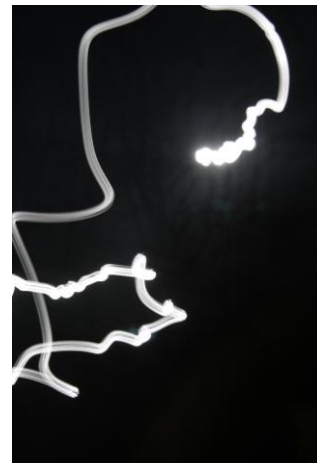

and assorted nonsense. For example Mike Joy came up with this gem. September 19, 2009 was International Talk Like a Pirate Day.

Mike says, "Shiver me timbers. I'd rather walk the plank than be interim editor of anything."

You see what I mean?

Definitely, Endangered.

PS: Send a picture (electronic or printed) with or without your brag and we'll put your dog in the news.

By the way this is what can happen if you let the interim editor choose the pictures.

Bragging Bragging

Altoona KC, 9/5/09

Laura Lefever writes

10 year old Chanel handled 2 of our beagles. We had one represented in each variety. Our Sierra went BOB as a 13" special. And our home bred, 10 month old, class bitch also took BOB for a couple more points. But the BIG news is that Chanel had to make a choice of which dog to handle for her first time ever in a group ring. She handed the 13" special off to her big sister Brigitte, and chose to handle the 10 month old class bitch to go on and take a GROUP 4!!!!!!

A very proud moment for a mom, breeder, and dog owner!!!!

Jennifer Joy put a point on her male Wyatt.

Butler CKC, 9/19/09

Chanel Lefever finished her beagle, puppy bitch, Gimme.

OH, one last thing
