Eye Clinic June 5th, 2005

The Collie Club of Western PA will be hosting an eye clinic on June 5th 2005. Dr. Lionel Rubin will be the examining veterinarian. For appointments, please call Barb Linder at 412-793-2811.

Breeder's Directory

One of the expectations we face from the AKC is that we will promote purebred dogs through some sort of breeder's directory. This is an excellent use for our new website.

The BCKC breeder's directory will be open to all members in good standing. It will be your job to keep your information accurate and up to date.

Here is how we'll start the process.

Karen Robertson will remain the liaison with Tammy Boyce, our web

master. All information should flow through her.

At the April meeting we will discuss the process and procedures for designing and populating the breeder's directory.

Come to the meeting and let your ideas shape the future of the Butler County Kennel Club.
