BAGS AND DARK CIRCLES EMULGEL CENTELLA

PRODUCT INFORMATION SHEET

GENERAL INFORMATION

Product description: Fast-absorbing cream-gel to visibly reduce under eye bags and dark circles (**actions in vivo tested on 30 volunteer women aged between 18 and 55 years**). The innovative encapsulation technologies of the active ingredients ensure their maximum absorption, enhancing their effects. Formulated with Tranexamic acid and Niacinamide in DDS (Deep Delivery System) nanovesicles, which are active on microcirculation for a lightening action on dark circles, Escin in Liposome and Centella for anti-puffiness draining effect. Thanks to its light texture, it is a key addition to the daily routine, even in combination with make-up. Suitable for all skin types, especially in case of under eye bags and dark circles, to prevent the onset of wrinkles and expression lines.

Manufacturer: PDT Cosmetici s.r.l. viale Cavalieri del Lavoro, 45-47 70017 - Putignano (BA)

Telephone number: T. +39 080 4931509

Ingredients: Aqua [Water], Cetearyl isononanoate, Butyrospermum parkii butter (*) [Butyrospermum parkii (Shea) butter (*)], Simmondsia chinensis seed oil [Simmondsia chinensis (Jojoba) seed oil], Glycerin, Squalane, Xanthan gum, Sodium stearoyl lactylate, Tranexamic acid, Ribes nigrum leaf extract (*) [Ribes nigrum (Black currant) leaf extract (*)], Centella asiatica extract, Escin, Niacinamide, Benzyl alcohol, Lecithin, Panthenol, 1,2-Hexanediol, Tapioca starch, Salicylic acid, Mannitol, Alcohol denat., Tetrasodium glutamate diacetate, Phosphatidylcholine, Sodium hydroxide, Algin, Sorbic acid, Sodium benzoate, Citric acid, Cetyl alcohol, Potassium sorbate, Decyl glucoside, Tocopherol, Sodium chloride, Ascorbyl palmitate. *bio/organic

USE: Apply the product by gently tapping on the eye contour.

FUNCTIONAL SUBSTANCES

ESCIN IN LIPOSOME: it has vasoprotective and vasoconstrictive action counteracting edema formation: it increases capillary resistance, reduces vessel permeability, thus facilitating the removal of accumulated interstitial fluid.

DDS-TRANEXAMIC ACID+NIACINAMIDE: active ingredients in DDS (Deep Delivery System) nanovesicles, an innovative technology for the release of active ingredients in depth, ensuring maximum absorption and enhancing the effects of the active ingredients. Tranexamic acid is known in scientific literature for its activity on microcirculation

(vasoconstriction) with a lightening effect on dark circles. Niacinamide has antioxidant, lightening properties and prevents the appearance of wrinkles.

CENTELLA: thanks to glucosides and triterpene acids, it regulates the action of fibroblasts and stimulates collagen production. Thanks to its cicatrizing and re-epithelizing properties, it counteracts the loss of elasticity and the appearance of wrinkles and stretch marks. This ingredient has decongestive effects on circulatory system.

SHEA BUTTER: it is rich in triglycerides and has emollient, moisturizing and regenerating properties on skin barrier. It makes the skin firm and supple and has antioxidant action thanks to vitamin E.

SQUALANE: it protects the skin, thanks to its

BAGS AND DARK CIRCLES EMULGEL CENTELLA

PRODUCT INFORMATION SHEET

ability to regenerate the lipid film that prevents aggression by external agents, and has moisturizing action, reducing water evaporation from the deeper epidermal layers (TEWL).

JOJOBA OIL: rich in antioxidants, it has nourishing properties, protects the skin and keeps it moisturized. It also protects the skin against UV radiation.

BLACK CURRANT: rich in antioxidants contained

both in the fruit and in the leaf extracts, it protects structures and tissues, especially skin and cardiovascular ones, from the harmful action of oxidizing species.

PANTHENOL: it is converted into pantothenic acid in the skin and has strong moisturizing, soothing, restructuring and energizing effects. It promotes the energy metabolism of skin cells and their optimum nutrition.

WARNINGS

- Keep out of reach of children and away from heat and direct sunlight.
- Avoid contact with eyes.
- Any change in colour due to the naturalness of active ingredients does not affect the quality of the product.
- Close the container after use.

PRODUCT FEATURES

- DERMATOLOGICALLY TESTED ON SENSITIVE SKIN
- 95% OF NATURALLY DERIVED INGREDIENTS
- BIO INGREDIENTS (SEE INGREDIENTS LIST *)
- VEGAN SUITABLE
- NICHEL TESTED
- EFFECTIVENESS TESTED

STORAGE

Optimum conditions: store the product in well-ventilated and dry place, away from light and heat sources, at temperatures between 15 °C and 25 °C.

TRANSPORT

Optimum conditions: the product should be carried at temperatures between 15 °C and 25 °C, away from light and heat sources.

Special provisions: the product is not classified as dangerous. Therefore, transport does not have to follow the provisions of ADR (road), RID (rail), IMO (sea), ICAO / IATA (air).

(For cosmetic products that can be classified as dangerous - e.g. flammable perfumes, aerosol products, hair dye products, hair removal products, etc. - transport must be carried out by authorized companies, in accordance with ADR / RID / IMO / ICAO / IATA provisions. In these cases, the product must be transported in suitable containers of compatible material. The staff must also be trained at a level matching their duties and responsibilities in accordance with regulations relating to the transport of dangerous goods.)

ACCIDENTAL CONTACT OR MISUSE MEASURES

Eye contact: in case of accidental contact, rinse with plenty of water. If eye irritation persists, seek medical advice.

Ingestion: in case of ingestion of excessive amounts of product, seek medical advice.

DISPOSAL CONSIDERATIONS

Empty containers may be disposed of after use in accordance with the labelled instructions.

PRODUCT VALIDITY

In compliance with Regulation (EC) No 1223/2009, the indication of the expiration date shall not be mandatory for cosmetic products with a minimum durability of more than thirty months. For such products, there shall be an indication of the period of time after opening (PaO) for which the product will remain stable and safe for human use after it has first been opened. This information shall be indicated by the symbol shown in point 2 of Annex VII of this Regulation, followed by the period (in months and/or years).

According to stability testing, this product has a shelf life longer than thirty months: the assigned PaO is: *see product label*.

OTHER INFORMATION

Unless otherwise specified, the list of ingredients is not intended to be definitive for the preparation of the label. The information and instructions above are based on our knowledge at the time of preparation of this sheet.
