

# ENZYMATIC PEELING

## PRODUCT INFORMATION SHEET

### GENERAL INFORMATION

**Product description:** Gel formula with gentle exfoliating properties thanks to a complex based on plant enzymes and skin NMF ingredients, including salts and amino acids. Thanks to the synergy of these components, this product exfoliates the skin by removing dead skin cells from the skin surface, while moisturizing the skin for regenerated and glowing complexion. Enzyme peeling does not contain any acids unlike chemical peeling and can also be used in the skincare for very sensitive skin. Suitable in case of dehydrated and dull skin, skin spots, wrinkles and imperfections.

**Manufacturer:** PDT cosmetici s.r.l. viale Cavalieri del Lavoro, 45-47 70017 Putignano (BA)

**Telephone number:** T. +39 080 4931509

**Ingredients:** Aqua [Water], Propanediol, Glycerin, Carica papaya fruit extract [Carica papaya (Papaya) fruit extract], Maltodextrin, Citric acid, Calcium pantothenate, Urea, Magnesium lactate, Papain, Potassium lactate, Alanine, Magnesium chloride, Proline, Serine, Sodium citrate, Tocopherol, Xanthan gum, 1,2-Hexanediol, Sodium benzoate, Potassium sorbate, Caprylyl glycol, Tetrasodium glutamate diacetate, Ethylhexylglycerin.

**USE:** After facial cleansing, apply the product with a brush to the areas to be treated and avoid the eye and lip contour. Leave on for 5-10 minutes and remove with wool pads soaked in lukewarm water. Complete the treatment with the rebalancing mask with ceramides. It is recommended to carry out a preliminary test on a limited area to evaluate personal sensitivity.

### FUNCTIONAL SUBSTANCES

**PAPAIN NMF COMPLEX:** It is a molecular film designed to optimize the release of papain, a proteolytic enzyme that enhances the renewal of the stratum corneum. This new product also contains ingredients of the Natural Moisturizing Factor (NMF), which ensures an increase in the

hydration skin, maintaining, as the same time, the natural barrier function of the epidermis. In this way this active combines the action of exfoliation with hydration, two of the most important factors to maintain healthy skin.

**PROPANEDIOL:** It is a natural ingredient that comes from the fermentation of glucose; it has solvent, emollient and humectant properties.

**PAPAYA GLYCERIC EXTRACT:** Papaya contains an enzyme, papain, that has a proteolytic action and is able to exfoliate the skin making it brighter, it is also very rich in Vitamin C, contains antioxidants such as selenium, flavonoids, carotene and provitamin A, which the body transforms into Vitamin A, which protect cells from free radicals responsible for cellular aging.
