

GENTLE EYE MAKE-UP REMOVER CHAMOMILE

PRODUCT INFORMATION SHEET

GENERAL INFORMATION

Product description: Delicate two-phase make-up remover formulated without perfume** and with a compatible ocular pH to easily remove make-up, without irritating the eyes and the eye contour. Formulated with 90% of naturally derived ingredients including Aloe and Chamomile with well-known soothing and refreshing properties, emollient Rice Bran Oil and toning Pale Rose distilled water. Thanks to its small size, high-performance hydrolyzed Hyaluronic Acid keeps the skin supple and moisturized.

** This product contains no deliberately added perfume but has its own distinctive smell of the ingredients used.

Manufacturer: PDT Cosmetici s.r.l. viale Cavalieri del Lavoro, 45-47 70017 - Putignano (BA)

Telephone number: T. +39 080 4931509

Ingredients: Aqua [Water], Ethylhexyl stearate, Cetearyl isononanoate, Dicaprylyl ether, Panthenol, Propanediol, Rosa centifolia flower water, Oryza sativa bran oil [Oryza sativa (Rice) bran oil], Aloe barbadensis leaf juice (*), Sodium hyaluronate, Chamomilla recutita flower extract (*) [Chamomilla recutita (Matricaria) flower extract (*)], Lecithin, Tocopherol, Ascorbyl palmitate, Phenethyl alcohol, Caprylyl glycol, Magnesium sulfate, Citric acid, Sodium hydroxide, Sodium benzoate, Potassium sorbate, Guaiazulene.

*bio/ organic

USE: shake the product and pour on a cotton wool pad, cleanse the eyes and rinse.

FUNCTIONAL SUBSTANCES

ALOE VERA GEL: it contains polysaccharides with D-glucose and D-mannose, phytosterols, vitamins, enzymes, trace elements and amino acids. Aloe juice basically moisturizes and soothes the skin. Its gel creates a protective film on the skin enabling its moisturizing action. Aloe reduces skin redness and has soothing and cicatrizing properties.

PALE PINK ROSE WATER DISTILLATED: toning, refreshing and soothing effect

RICE BRAN OIL: rich in tocopherols or tocotrienols, vitamin E, phytosterols and γ -oryzanol, it has strong moisturizing, emollient and soothing action. It has

deeply nourishing effects without altering the natural pH of tissues

HYDROLYZED HYALURONIC ACID: obtained from the hydrolysis of high molecular weight hyaluronic acid with higher level of solubility and absorption properties. Thanks to its small size, it reaches the deepest layers of the skin and ensures better hydration, increasing the biomechanical properties of the skin. Therefore, it facilitates an increase in skin elasticity and firmness and a reduction of the microrelief (anti-wrinkle action) with filling and plumping effects.

CHAMOMILE EXTRACT: soothing, emollient, moisturizing, protective.

GENTLE EYE MAKE-UP REMOVER CHAMOMILE

PRODUCT INFORMATION SHEET

WARNINGS

- Keep out of reach of children and away from heat and direct sunlight.
- It is recommended to carry out a preliminary test on a limited area to evaluate personal sensitivity.
- Any change in colour due to the naturalness of active ingredients does not affect the quality of the product.
- Close the container after use.

PRODUCT FEATURES

- DERMATOLOGICALLY TESTED ON SENSITIVE SKIN
- 90 % OF NATURALLY DERIVED INGREDIENTS
- NICHEL TESTED
- BIO INGREDIENTS (*see ingredients list)
- SUITABLE FOR VEGAN
- WITHOUT ADDED PERFUMES (The product does not contain perfume voluntarily added, but has its own odor, characteristic of the basic formula. If you want to indicate on the label, it is recommended to specify that the fragrance is given by a natural ingredient and not just write "no perfumes added")

STORAGE

Optimum conditions: store the product in well-ventilated and dry place, away from light and heat sources, at temperatures between 15 °C and 25 °C.

TRANSPORT

Optimum conditions: the product should be carried at temperatures between 15 °C and 25 °C, away from light and heat sources.

Special provisions: the product is not classified as dangerous. Therefore, transport does not have to follow the provisions of ADR (road), RID (rail), IMO (sea), ICAO / IATA (air).

(For cosmetic products that can be classified as dangerous - e.g. flammable perfumes, aerosol products, hair dye products, hair removal products, etc. - transport must be carried out by authorized companies, in accordance with ADR / RID / IMO / ICAO / IATA provisions. In these cases, the product must be transported in suitable containers of compatible material. The staff must also be trained at a level matching their duties and responsibilities in accordance with regulations relating to the transport of dangerous goods.)

ACCIDENTAL CONTACT OR MISUSE MEASURES

Eye contact: in case of accidental contact, rinse with plenty of water. If eye irritation persists, seek medical advice.

Ingestion: in case of ingestion of excessive amounts of product, seek medical advice.

DISPOSAL CONSIDERATIONS

Empty containers may be disposed of after use in accordance with the labelled instructions.

PRODUCT VALIDITY

In compliance with Regulation (EC) No 1223/2009, the indication of the expiration date shall not be mandatory for cosmetic products with a minimum durability of more than thirty months. For such products, there shall be an indication of the period of time after opening (PaO) for which the product will remain stable and safe for human use after it has first been opened. This information shall be indicated by the symbol shown in point 2 of Annex VII of this Regulation, followed by the period (in months and/or years).

According to stability testing, this product has a shelf life longer than thirty months: the assigned PaO is: *see product label*.

OTHER INFORMATION

Unless otherwise specified, the list of ingredients is not intended to be definitive for the preparation of the label. The information and instructions above are based on our knowledge at the time of preparation of this sheet.
