REVICELL *PRO*

Body and facial rejuvenation
without surgery, needles or pain.

Revicell Pro

is a professional aesthetic radiofrequency equipment that allows working from the most superficial to the deepest layers of the skin.

Revicell Pro presents the definitive solution without surgery, thanks to the application of **multifrequency bipolar radiofrequency** applied in combination with phototherapy.

- **Facial radiofrequency:** anti-wrinkle treatments, expression lines, dark circles, bags and acne scars.
- **Body radiofrequency:** firming treatments, cellulite, localized fat, scars, stretch marks and acne.
- **Capillary radiofrequency:** treatment of scalp alterations.
