NEW ARRIVALS

WITHOUT SOFT-AIR TECHNOLOGY

WITH SOFT-AIR TECHNOLOGY

Super-soft walking experience

In adapting to an upright gait the human foot is highly anatomical and functionally complex. A quarter of the approx. 220 bones in the human body are located in the feet.

In order to protect the particularly pain sensitive feet from the hard impact of daily walking, MEPHISTO has outfitted every one of its shoes with the internationally patented SOFT-AIR TECHNOLOGY.

FINE FOOTWEAR For SELECTIVE SOLES

El Naturalista®

SUSTAINABLE SINCE 1998

Origin is walking effortlessly, yet present in every step. Minimalist and serene, respectful but attentive to the stones along the path. Its anti-slip and ultra-flexible sole mimics natural relief with its design. The removable insole molds to the anatomy of your foot to provide rest. Experience barefoot walking with these shoes finished in multi-material gray. Connect with the ground, connect with your origin.
