

Nitrile (Buna-N) NBR

General Purpose: Oil Resistance

Generally, Resistance to Many Hydrocarbons, Fats, Oils, Greases, Hydraulic Fluids, and Chemicals

Generally Attacked by: Ozone, Ketones, Esters, Aldehydes, and Nitro Hydrocarbons

Durometer: 50/60

Tensile: 1000 psi

Elongation: 250%

Temperature: 250°F to 125°C

Finish: Smooth

Color: Black
