

Mirror Warranty & Care Information

Warranty Information

All items are guaranteed to be free from defects in materials and workmanship for a period of one (1) year from date of purchase when maintained under conditions of normal use by the original purchaser. This warranty is void if items have been used for any purpose other than that for which they were designed; if items have been opened, tampered with or altered in any way; or if items have been exposed to abnormal light, temperature or humidity conditions. All claims for product damage caused by third-party handling in transit should be reported to the carrier responsible.

The Furst Bros. Company will replace any of its products damaged in transit if notified within 5 days of receipt of shipment and only if shipment was through one of Furst Bros. own carriers. Notification of damaged goods must include a copy of the Proof of Delivery and a description of the damaged goods, as well as pictures. If the product(s) arrive visibly damaged, the extent of damage must be clearly detailed on the Proof of Delivery receipt.

Care and Cleaning Information

Use only a soft, dampened cloth to clean. Ammonia or vinegar-based cleaners can damage mirrors, and abrasive cleansers may scratch or dull the surface. A mild solution of soap and water is recommended for cleaning mirrors. When cleaning, spray the cloth, not the mirror or surrounding surfaces.

Good ventilation of glass or mirror product avoids moisture buildup ('sweating') and reduces risk of corrosion or damage to glass and mirror. This includes proper bathroom ventilation. Avoid cleaners that contain ammonia, chlorine bleach, powdered cleansers, dirty or gritty rags.
