WACCRA testified in Olympia on Friday

January 25, 2026

WACCRA testified before the House Health and Wellness Committee in support of HB 2384 on Friday, January 23rd. Based on the discussion with the committee we expect an amendment to the bill will be forthcoming. We will continue to keep you posted as the bill is changed.

We also testified in support of SB 6153. This bill calls for ombuds support to seniors in independent living. We will let you know if that bill moves forward.

Another bill has been introduced, HB 1542, which extends rights to other senior living communities. CCRCs have many of these rights today - this bill would extend the rights you have to members of other senior communities.
