Senate bill SSB5691 - Continuing Care Oversight - is going to the Senate floor for consideration

February 28, 2025

WACCRA is delighted that the Senate Committee on Health and Long-Term Care voted unanimously to send Substitute SB 5691 (SSB5691) forward to the Rules Committee. In addition, thanks to Senator Jamie Pederson, the Bill was also approved by the Rules Committee and now goes to the Senate floor for consideration.

Since the fiscal note on the original bill caused legislators concern due to the state's budget issues, the bill was significantly amended. Presently, it only clarifies the Attorney General's statutory authority to enforce the statutes related to the Continuing Care Retirement Communities under the Consumer Protection Act.

Nevertheless, getting to the Senate floor is a positive development. WACCRA is meeting with the Insurance Commissioner to discuss the fiscal note.

The full Senate may consider our bill TODAY, Friday February 28.
