Senate Bill 5691 Heard by the Senate Health and Long Term Care Committee

Friday, February 14th was an important day in our quest for sensible financial transparency and consumer protection regulatory enhancements for CCRC residents. With the over-whelming support of CCRC residents, their families and friends, 638 folks signed in to support the bill!

WACCRA's Laura Saunders, Kim Hickman and Donna Kristaponis testified to the committee. They described the concerns residents have about their communities and the ways the bill will help protect and preserve the promises of CCRCs.

We encourage you to watch the hearing on TVW by clicking [Senate Health & Long-Term Care - TVW](#). SB 5691 was first on the agenda after the executive session so our part isn't too long.

Because you signed up and showed your support in large numbers, the elected officials and staff took note. You made a difference! Stay tuned; there will be more opportunities for you to help. Thank you for being active, supportive WACCRA members! It's terrific to know you have our backs!
