

Upcoming inspections in your neighborhood

Hempstead Maintenance Project | June 2026

Dear Neighbor:

As part of our commitment to safety and reliability, we are conducting maintenance work on underground infrastructure beginning June 2026 through August 2026. This work is federally mandated. In preparation, our crews will be excavating along the route so we can launch and charge an inspection device through the system. ***There are no planned service interruptions for our customers.***

Quick Project Facts:

What: Inspections and maintenance of underground infrastructure.

Timeline: 4 to 6 weeks

Hours: Monday through Friday, 7AM-4PM* for excavation work and 24/7 monitoring of inspections at each charging station.

**Due to the complexities of outdoor construction, schedule and works hours are subject to change.*

Inspection Locations (3):

- Dutch Broadway & Ridge Road in Elmont
- Makofske Avenue & Marguerite Avenue in Elmont
- Roosevelt Avenue & Admont Avenue in Franklin Square

Charging Stations (9):

- Renfrew Avenue & Frist Street
- Belmont Avenue & Elmont Road
- Elmont Road & Joan Court
- Makofske Avenue & Marguerite Avenue
- Arthur Avenue & Press Street
- Adams Street & Landau Avenue
- Eweler Avenue & Schenck Boulevard
- Fairmount Boulevard & New Hyde Park Road
- Edgemere Road & Princeton Street

For your safety, please be mindful of traffic signs and do not enter the work zone. If you have questions or would like more information, please contact our Project Engagement team at 516-953-4037 or email Box.LIprojects@nationalgrid.com. Visit our project website below for more information.

Sincerely,

National Grid Project Engagement Team
