

Do you struggle to find the best people to help your business grow?

Are you tired of scrambling to replace techs that leave you unexpectedly?

**WE'RE
HIRING!**

Even in these difficult times, there are more skilled trades jobs than there are qualified people to fill them.

THE BLUE COLLAR RECRUITER is one of the only companies in America working for employers and candidates – recruiting and training – to close the skilled trades talent gap.

With years of experience hiring, training and building success for home service owners and people working in those skilled trades, our veteran staff focuses on recruiting for your immediate needs, and training people who want a career in the residential service trades.

THE BLUE COLLAR VIRTUAL TRADE SCHOOL offers a revolutionary way to bring people into the trades. Our program provides new recruits with the technical and soft skills training certifications they need to be hired by you.
