"I started out playing baseball at the age of 8 and fell in love with the game. In 6th grade, I made the switch to softball and never looked back. I am a dual sport athlete that is very competitive in each sport. I play with pride, competitiveness, will, drive and most importantly, love. As I finish my last year in high school, I am hoping to find a college that fits me - whether that be in California or out of State - and that will allow me to continue in my softball career."
