A Club for those who Wander....

Wanderlust Club Members receive:

- Two (2) complimentary 1-hour guided horseback trail rides
- Unlimited 2-hour single kayak rentals
- Unlimited 1-hour bike rentals
- 20% off additional guided tours and CareFree Campsites

This is a really great deal, and there are a million different ways to use it! The benefits may only be used directly by the WLC Member who is named on the original purchase and on the WLC Club Member Card, but what if you want to bring someone along for your adventure who is not a card holder, or maybe you want to give paddleboards a try on one of your visits?

The table above tells you exactly what amount will be deducted from the standard rate of each eligible item. If you and a friend want to go kayaking, your membership benefit does not apply to a second single kayak for your friend, BUT if you decide to use a double kayak, you would pay the difference of \$5.

Another example would be booking additional guided tours. If you just can't get enough of horseback riding and need more than two rides, after you use your complimentary rides, you can book more rides at a discount of 20%.

See- It's a GREAT deal!
