

## JANUARY 2026

Welcome to the 2026 AOS Corner, the monthly newsletter for Representatives, Presidents, and Newsletter Editors. It seems impossible that we are already embarking on a new year but here we are—and we hope you're all ready to make the most of the months ahead! The idea of resolutions has been around forever and rarely followed through to any great degree, but we orchid growers tend to stick to those promises to ourselves when it comes to our precious collections. We will start taking stock of how the coming months will impact our plants and plan accordingly to repot or mount when we see new roots, move our plants to the appropriate locations as the weather dictates and keep our growing areas neat and clean. We need to have a close look at our tools and implements, fertilizers, fungicides and pest control items and replenish as needed. There is always lots of work to keep us on our toes and we hope everyone will rise to the occasion! Enjoy the shows in your area in the next few months and decide what plants you'd like to add to your orchid inventory. Most of all, Happy Growing and may all your plants bloom floriferous and ferociously!!
