

PàS – Montana

May 18-20, 2023

Bishop Chester Wright

A meeting for all who have a burning desire to become “all things apostolic.” This meeting will fully encompass the patterns of doctrine, ministry, principles, and practices as specifically exemplified by the Apostles in the New Testament. PàS will be focused on diligently following all things Biblically Apostolic, while assiduously avoiding all things based upon or derived from religious tradition.

All ministry in this meeting will be initiated by and led by the Holy Ghost – it will be solely focused upon the Spirit of God and not on individual ministry or personality.
