

**Training Course for Animal Control Professionals  
Hosted by the Junction City Police Department  
August 17-18, 2021  
Junction City, Kansas**

**Day 1 - \$200 per student**

**8:00 AM - 5:00 PM**

**Oleoresin Capsicum Aerosol Training Certification** - This program will certify students to utilize the Oleoresin Capsicum Aerosol (OC) as a defensive tool to provide an Animal Control Officer with non-lethal force for dealing with aggressive animals and humans. The course provides instruction and training in the following areas: To present principles, skills and techniques of understanding and using OC; Control violent and aggressive behavior of humans and dogs; Reduce personal injury to officers, individuals and the public; Increase an officer's confidence in physically threatening situations; Reduce the exposure of civil liability of the officer and the employer for unnecessary or improper force.

**Baton/Bitestick Certification** - The Baton/Bitestick Certification program is a hands-on program regarding the use of the tactical baton (bite stick) as a defensive tool to provide an Animal Control Officer with non-lethal force for dealing with aggressive animals and humans. The course will familiarize the Animal Control Officer with the practical use of the friction-lock and lever-lock baton. The training and instruction will cover the following topics: Safety; Legal Concepts; Use of Force Options; Documentation; Portation (mode of carry); and Practical Use and Retention of the ASP™ baton. The course includes both classroom and practical training.

**Day 2 - \$150 per student**

**8:00 AM - 5:00 PM**

**Lifting & Loading for Animal Control** – Students will be given instruction on body mechanics, safety, individual lifting techniques, team lifting techniques, alternatives to lifting, loading & transporting techniques, and mechanical assistance options. Lifting will cover both objects & animals in static and dynamic scenarios. While general areas are covered, this course is designed and intended for animal care professionals and covers domestic animals with guidance on wildlife/livestock. The class will include physical/practical exercises (pass/fail) and a written test (80% passing score). A certificate of completion will be provided with passing score.

**Utilizing Thermometry for Animal Control & Law Enforcement** – Students will be offered instruction on the basic theory of thermometry; identifying the common types of thermometers; demonstrations on thermometer calibration; identifying the types of investigations that may involve thermometry; identifying hypothermia and hyperthermia in animals; identifying criminal charges related to temperature-related cases; understanding animal seizure laws in temperature-related cases; understanding/preparing a thermometry supplemental report; and understanding officer, agency and governmental liability. A certificate of completion will be provided.

**Class Location**

Fire Station 2, Training Room, 2245 Lacy Drive, Junction City, Kansas, 66441. Need directions? Please contact Courtney Brodosi at 785-762-5912.
