

# WEDDING CAKE MATH

*(is the hardest kind of cake math)*

Here are the basics of Cake Math.

Cakes are priced by the slice and can be tailored to your guest count whether it's 109 guests or 221.

Our minimum order for delivery is 100 slices. Need cake for less? No problem!

Have someone trustworthy pick up.

**100**  
guests

Best for:

100-200 guests

- Served as your main dessert to 100 guests or served as a smaller "coffee" slice to 200 guests.

(See below for the difference in slice sizes)

Starting at \$6.50 per slice  
= \$650 total
