

HOME HELP CONTACT SHEET

PLEASE PROVIDE THIS CONTACT SHEET TO YOUR WORKER DURING YOUR FACE-TO-FACE VISIT

Here at DNA Chore Service LLC, we take great pride in providing excellent service to all our clients and vendors. We have provided this letter to assist with making the process a bit less stressful for you. We assisted the client with the completion of applications and associating the caregiver in CHAMPS. We do understand DHHS employees are no longer working from home due to the COVID-19 restrictions being lifted and home interviews having resumed. We would just like to extend our assistance by providing you with our company demographics for clients who have chosen to assign DNA Chore Service LLC as their agency provider.

We would like to extend our appreciation in advance and look forward to working with you.
