

The PATH Fund, Inc.® is a nonprofit organization dedicated to supporting arts education. PATH, which stands for “PERFORMING ARTISTS THAT HELP” is made up of artists, writers, musicians, designers, producers, directors, and fans coming together to aid some of the most important causes to the industry and the public at large.

PATH’s guiding premise is that as artists, we have a responsibility to nurture our community and empower the next generation in performing arts. We aim to support and inspire artists in finding their artistic path. We are committed to making a positive impact through music and theater, and we strive to bring people together to create a sense of connection and belonging within our extended community.
