

General Information

The **Geisha** variety is the top choice for enjoying exceptional and light-bodied black coffees. Its delicate nature shines brightest in manual pour-over methods, where the water highlights its natural aromas of flowers and tropical fruits. This drink is designed to be savored slowly and in its purest state, allowing every sip to reveal a smoothness similar to a premium tea. By choosing this variety, you discover the most sophisticated and refreshing side that a coffee bean can offer.
