

# BEWARE OF NEW SCAMS BY CREDIT CARD PROCESSORS !

Processors are contacting merchants like you in an attempt to get you to switch to their processor, which could prove not only to be a waste of your valuable time, but could cost you big money over time.

We are an INDEPENDENT ADVOCATE, NOT a processing company. We can save you money WITHOUT your having to switch processors. Here are just a few of the kinds of statements that should serve as a Red Flag:

- 1) Your account has been flagged.
- 2) You've been tagged for fraudulent transactions.
- 3) Your equipment needs to be updated.
- 4) Our processing company will save you 50% by pooling companies together to get you better rates.
- 5) There has been a reduction in interchange in the industry, and we've noticed that you have been overcharged.
