WHAT FAMILIES SAY

“The best business for inclusivity. As an ASN parent I can go in here and RELAX knowing my child is safe. This is EVERYTHING.”

“One of very few places to offer exclusive space for neurodiverse kids in Glasgow. They clearly understand autistic/ ADHD children’s needs and have put so much thought into the space.”

“First safe space we have found where our autistic daughter and her neurotypical brother can enjoy time together. Nothing like this exists in our community!”

WHAT FAMILIES SAY

One of very few places to offer exclusive space for neurodiverse kids in Glasgow. They clearly understand autistic/ADHD children's needs and have put so much thought into the space.

An exceptional resource for children with autism who can't access soft plays or even the park. My nephews loved it — people don't realise how significant this is for families like ours.

Best place ever! My autistic non-verbal daughter struggles with soft play but here she finally gets to be herself and have fun. So grateful this exists.

FUTURE PLANS

- ① **Become fully accessible**
- ② **Expand our community reach**
- ③ **Build and strengthen partnerships**
- ④ **Expand funded sessions**

Bouncy Bees

Thank you for supporting our community.

Together we are building belonging
for those who have nowhere else to belong.
