## INDEPENDENT AUDITORS' REPORT

## INDEPENDENT AUDITORS' REPORT

Mayor and City Council  
City of Harrison, Idaho

### Qualified and Unmodified Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Harrison, Idaho, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Harrison, Idaho's basic financial statements as listed in the table of contents.

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Unmodified
Business-type Activities	Unmodified
General Fund	Unmodified
Enterprise Fund - Water	Qualified
Enterprise Fund - Sewer	Qualified
Enterprise Fund - Sanitation	Qualified
Fiduciary Fund	Qualified

### *Qualified Opinion on the Enterprise Funds*

In our opinion, except for the effects of the matter described in the Basis for Qualified and Unmodified Opinions section of our report, the financial statements referred to above present fairly, in all material respects, the financial position of the enterprise funds of the City of Harrison, Idaho, as of September 30, 2024, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### *Qualified Opinion on the Fiduciary Fund*

In our opinion, except for the effects of the matter described in the Basis for Qualified and Unmodified Opinions section of our report, the financial statements referred to above present fairly, in all material respects, the financial position of the fiduciary fund of the City of Harrison, Idaho, as of September 30, 2024, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### *Unmodified Opinions on Governmental Activities, Business-type Activities, and General Fund*

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the government activities, the business-type activities, and the general fund of the City of Harrison, Idaho, as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Qualified and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Harrison, Idaho, and

to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified audit opinions

*Matter Giving Rise to the Qualified Opinion on the Enterprise Funds*

The City has not presented their major enterprise funds as separate combining financial statements as required by generally accepted government auditing standards, and as a result balance sheets are not able to be produced for each enterprise fund separately. The amount by which this departure would affect the assets, deferred inflows of resources, fund balances, and revenues of the enterprise funds has not been determined.

*Matter Giving Rise to the Qualified Opinion on the Fiduciary Funds*

The financial statements of the City's fiduciary fund have not been audited, as the information was not available to perform sufficient audit procedures to form an opinion on this fund. The fiduciary fund financial statements are included in the City's basic financial statements as aggregate remaining fund information. The amount by which this departure would affect the assets, deferred inflows of resources, fund balances, and revenues of the aggregate remaining fund information has not been determined.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Harrison, Idaho's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Harrison, Idaho's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Harrison, Idaho's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Schedule of City's Share of Net Pension Liability and the Schedule of City's Contribution, and the budgetary comparison information as listed in the table of contents be presented to supplement basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion & Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 1, 2025, on our consideration of the City of Harrison, Idaho's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Harrison, Idaho's internal control over financial reporting and compliance.

**CITY OF HARRISON**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**September 30, 2024**

Total fund balances at September 30, 2024 - Governmental Funds		\$ 361,938
Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds:		
Cost of capital assets at September 30, 2024	\$ 1,632,549	
Less: Accumulated depreciation as of September 30, 2024	<u>(984,717)</u>	647,832
Deferred outflows of resources represent a consumption of fund equity that will be reported as an outflow of resources in a future period and therefore, are not reported in the funds:		
Deferred outflows of resources-pension plan		33,277
Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds:		
Elimination of unavailable revenue - property taxes		<u>11,498</u>
Deferred inflows of resources represent an acquisition of fund equity that will be recognized as an inflow of resources in a future period and therefore, are not reported in the funds:		
Deferred inflows of resources-pension plan		(14,152)
Some liabilities are not due and payable in the current period and therefore, are not reported in the funds. Those liabilities consist of:		
Net pension (liability) asset	(116,960)	
	<u>-</u>	<u>(116,960)</u>
Net position of governmental activities at September 30, 2024		<u><u>\$ 923,433</u></u>

*See accompanying notes to financial statements and independent auditors' report.*

**CITY OF HARRISON**  
**Combined Statement of Revenues, Expenditures, and Changes**  
**in Fund Balances - All Governmental Fund Types**  
**Year Ended September 30, 2024**

<b>Revenues:</b>	
Property Taxes	\$ 143,234

**CITY OF HARRISON**  
**Reconciliation of the Statement of Revenues, Expenditures, and Changes in**  
**Fund Balances of Governmental Funds to the Statement of Activities**  
**Year Ended September 30, 2024**

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances - total governmental funds	\$ 75,819
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expenses. This is the amount by which capital outlays exceeded depreciation expense in the current period.</p>	
Capital Outlay	599
Depreciation	(73,542)
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.</p>	
Property Taxes	(4,102)
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.</p>	
Changes in Pension Plan	<u>(24,676)</u>
Change in net position of governmental activities	<u><u>\$ (25,902)</u></u>

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

The City's combined financial statements include the accounts of all City operations. The criteria for including organizations as component units within the City's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board's (GASB) Codification of Government Accounting and Financial Reporting Standards, include whether:

- ✓ the organization is legally separate (can sue and be sued in their own name)
- ✓ the City holds the corporate powers of the organization
- ✓ the City appoints a voting majority of the organization's board
- ✓ the City is able to impose its will on the organization
- ✓ the organization has the potential to impose a financial benefit/burden on the City
- ✓ there is fiscal dependency by the organization on the City

Based on the aforementioned criteria, the City does have one component unit, the Harrison Urban Renewal Agency. However, the financial transactions of this entity for the fiscal year ended September 30, 2022 are immaterial to the financial statements of the City, and therefore have not been included in the City's basic financial statements.

The City of Harrison is a municipality of the State of Idaho. The City has oversight responsibility and control over all activities related to The City's functions. The City is not included in any other governmental "reporting entity" as defined in GASB pronouncements, since the public elects the City council members.

**Basis of Presentation, Basis of Accounting**

**Basis of Presentation**

*Government-wide Statements:* The statement of net position and the statement of activities display information about the primary government (the City). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or part by fees charged to external parties.

The statement of activities presents a comparison between direct and program revenues for the business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees, fines, and charges by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not received for a specific purpose and classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component units. Separate statements for each fund category, *governmental, enterprise, and fiduciary*, are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Enterprise fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The City reports the following major governmental funds:

*General Fund.* This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major enterprise funds:

*Water Enterprise Fund.* The Water Enterprise Fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including depreciation) of providing water services to the general public on a continuing basis are financed through user charges.

*Sewer Enterprise Fund.* The Sewer Enterprise Fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including depreciation) of providing sewer services to the general public on a continuing basis are financed through user charges.

*Sanitation Enterprise Fund.* The Sanitation Enterprise Fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including depreciation) of providing sewer services to the general public on a continuing basis are financed through user charges.

The City reports the following fiduciary fund:

*Fiduciary Funds.* These funds account for resources received and held by the City in a fiduciary capacity. Disbursements from these funds are made in accordance with the trust agreement or applicable legislative enactment for each particular fund. The fund included in this category is a special assessment local improvement district. This fund accounts for the financial resources of the City, which pertain to a local improvement district (LID) of the City. The City of Harrison functions as an agent for the property owners of the LID by collecting assessments, and forwarding collections to special assessment debt-holders.

**Measurement Focus, Basis of Accounting**

*Government-wide, Proprietary, and Fiduciary Fund Financial Statements.* The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donation is recognized in the fiscal year in which all eligibility requirements have been satisfied.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

**Use of Restricted Funds**

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

**Deposits and Investments**

The cash balances of substantially all funds are pooled and invested by the City Treasurer for the purpose of increasing earnings through investment activities. The pool's investments are reported at fair value at September 30, 2024, based on market prices. The individual funds' portions of the pool's fair value are presented as "Cash and Investments." Earnings on the pooled funds are apportioned and paid or credited to the funds monthly based on the average daily balance of each participating fund.

**Cash and Cash Equivalents**

For purposes of the Statement of Cash Flows, the City considers all highly liquid investment with a maturity of three months or less when purchased to be cash equivalents. All cash and investments of the proprietary fund types are pooled with the City's pooled cash and investments.

The City considers cash and cash equivalents in enterprise funds to be cash on hand and demand deposits. In addition, because the Treasury Pool is sufficiently liquid to permit withdrawal of cash at any time without prior notice or penalty, equity in the pool is also deemed to be a cash equivalent.

**Receivables and Payables**

All trade and property tax receivables are shown net of an allowance for uncollectibles.

Receivables for State Highway User's Tax, State Liquor, and State Revenue Sharing are recorded as revenue in the general fund.

The City records enterprise fund charges as earned, not when collected.

**Property Tax Calendar**

Property taxes are levied on the third Monday of September and attach as an enforceable lien on property. They are payable in two installments on December 20 of the current calendar year and June 20 of the next calendar year. The taxes are collected and remitted to the City by Kootenai County.

**Interfund Receivables and Payables**

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds" or "interfund balances".

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Inventories and Prepaid Items**

The City has adopted the purchase method for recording and classifying material and supply purchases. Under this method, purchases of materials and supplies are recognized as expenditures when the goods are received and the transaction is vouchered. Because on hand materials and supplies of the City are not considered significant, no amount is reflected on the balance sheet and no portion of fund balance is reserved.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Capital Assets**

Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Purchased or constructed assets are reported at actual cost or estimated historical cost if actual cost is unavailable. Donated capital assets are recorded at their estimated fair value at the date of donation. In connection with the implementation of GASB Statement No. 34, the City established a threshold of \$500 for capitalization of depreciable assets.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Infrastructure	30 - 50
Buildings	30 - 50
Building Improvements	15 - 30
Vehicles	2 - 10
Office Equipment	5 - 10
Computer Equipment	5

**Compensated Absences**

Employees eligible for vacation leave include full-time equivalent employees that have been employed by the City for one year.

The City's vacation leave policy permits the accumulation of twelve (12) vacation days per year with a maximum of twelve (12) to be accumulated for employees with 0-10 years of service, and accumulation of thirteen (13) vacation days with a maximum of fifteen (15) to be accumulated for employees with greater than 10 years of service. Upon termination of employment from the City, an employee will be paid for unused vacation leave not to exceed the maximum allowed carryover. The liability for accumulated vacations (\$8,606 at September 30, 2024), which represents normal accumulations, has been recorded in the government-wide statement of net position, allocated between government activities and business-type activities.

Employees eligible for sick leave include full-time equivalent employees that have been employed by the City for ninety days.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The City's sick leave policy permits the accumulation of twelve (12) sick days per year with a maximum of twelve (12) to be accumulated for employees with 0-10 years of service, and accumulation of fifteen (15) sick days with a maximum of fifteen (15) to be accumulated for employees with greater than 10 years of service. Employees are not paid for unused sick days upon termination of employment. Accordingly, sick pay is charged to expenditures when taken. No provision has been made in the financial statements for unused sick leave.

**Pensions**

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has no items that qualify for reporting in this category at this time.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two such items that qualify under the modified accrual basis of accounting, deferred grant income and deferred outflows related to the pension plan, and two such items that qualify under the accrual basis of accounting, deferred grant income and unearned property taxes. These amounts are deferred and recognized as inflows of resources in the period that the amounts become available.

**Net Position Flow Assumptions**

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

**Fund Balance Flow Assumptions**

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fund Balance Policies**

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitation on the use of resources through either a committed (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes by do not meet the criteria to be classified as committed. The council may assign fund balance. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Fund balances are classified as follows:

**Nonspendable**—Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

**Restricted**—Amounts that can be spent only for specific purposes because of the state or federal laws, or externally imposed conditions by grantors or creditors.

**Committed**—Amounts that can be used only for specific purposes determined by a formal action by City Council ordinance or resolution. This includes the budget reserve account.

**Assigned**—Amounts that are designated by the City Council for a specific purpose but are not spendable until a budget ordinance is passed by the Council.

**Unassigned**—All amounts not included in other spendable classifications.

The details of the fund balances are included in the Governmental Funds Balance Sheet. Restricted funds are used first as appropriate. Assigned Funds are reduced to the extent that expenditure authority has been budgeted by the City Council or the Assignment has been changed by the Council. Decreases to fund balance first reduce Unassigned Fund balance; in the event that Unassigned Fund Balance becomes zero, then Assigned and Committed Fund Balances are used in that order. The City reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

**NOTE 2 – DEPOSITS AND INVESTMENT BALANCES**

**General**

State statutes authorize the City's investments. The City is authorized to invest in demand deposits, savings accounts, U.S. Government obligations and its agencies, obligations of Idaho and its agencies, fully collateralized repurchase agreements, prime domestic commercial paper, prime domestic bankers acceptances, bonds, debentures or notes of any corporation organized, controlled, and operating in the U.S. which have at their purchase an "A" rating or higher, government pools, and money market funds consisting of any of these securities listed. No violations of these categories have occurred during the year.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 2 – DEPOSITS AND INVESTMENT BALANCES (CONTINUED)**

**Custodial Credit Risk**

Custodial credit risk is the risk that, in the event of a failure of a financial institution, the City's deposits and investments may not be returned to it. The City does not have a deposit policy for custodial credit risk. As of September 30, 2024, the City's deposits and investments were exposed to custodial credit risk according to the table below.

*Deposits without exposure to custodial credit risk:*

Amount insured by FDIC or other agencies	\$ 52,481
Total deposits without exposure to custodial credit risk	52,481

*Deposits with exposure to custodial credit risk:*

Amount collateralized with securities held in trust, but not in City's name	139,434
Amounts uninsured-exposed to custodial credit risk	-
Total deposits with exposure to custodial credit risk	139,434
Total bank balance (deposits)	\$ 191,915

*The carrying amount is displayed as follows in the financial statements:*

Statement of net position	
Cash and investments	\$ 171,483
Restricted cash and investments	-
Total	\$ 171,483

Cash and investments at September 30, 2024, consist of the following:

Cash	
Deposits with financial institutions	\$ 31,929
Petty cash on hand	120
Cash equivalents	
Deposits with Idaho state investment pool	139,434
Total	\$ 171,483

Statement of fiduciary net position

Cash and investments	\$ 1,110
Restricted cash and investments	-
Total	\$ 1,110

Cash and investments at September 30, 2024, consist of the following:

Cash	
Deposits with financial institutions	\$ 375
Cash equivalents	
Deposits with Idaho state investment pool	735
Total	\$ 1,110

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 2 – DEPOSITS AND INVESTMENT BALANCES (CONTINUED)**

**Investments**

Investments in 2a7-like pools are valued based upon the value of pool shares. The City invests in one 2a7-like pool, the Idaho State Investment Pool. The advisory board of the Idaho State Investment Pool is composed of members appointed pursuant to the requirements of the Public Funds Investment Act. The State Investment Pool is duly chartered and administered by the State Treasurer’s Office and consists of US Treasury bills and notes, collateralized certificates of deposit and repurchase agreements. The pool does not include any involuntary participants.

The balances that the City has in the State Investment Pool are carried at fair value and calculated on a monthly basis. The City’s portion (including Fiduciary Fund) of the State Investment Pool had an unrealized gain of \$364 as of September 30, 2024. This unrealized gain has not been reflected in the City’s books, as the amount is deemed trivial. The unrealized gain was based on a fair market value adjustment factor of 1.0026 that was calculated by the State of Idaho’s Treasurer’s Office.

GASB Statement No. 40 requires the City to assign risk categories for its investments, except those in which securities are not used as evidence of the investment. Credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. The City’s exposure to credit risk is not available.

**NOTE 3 – RECEIVABLES**

The following is a schedule of property taxes assessed for the year, collected and remaining to be received.

Balance 9/30/2023	Lewy 2023	Adjustments & Collections	Balance 9/30/2024
\$ 15,791	\$ 139,132	\$ 142,559	\$ 12,364
			\$ 12,364

In accordance with NCGA Interpretation #3, revenue, which is not received within 60 days of the year-end, has been reflected as deferred revenue. The balance as of September 30, 2024 is as follows:

Taxes due at September 30, 2024	\$ 12,364
Received October 2024	-
Received November 2024	(866)
Total	\$ 11,498

The analysis of accounts receivable and due from other governments is as follows:

<b>GENERAL FUND</b>	
<u>Due from other governments</u>	
State Revenue Sharing	\$ 7,610
State Liquor	3,529
Highway Users	2,704
Total	\$ 13,843
<u>Other receivables</u>	
Other receivable	\$ 28,162
1% local sales tax	6,205
Less: Allowance for doubtful accounts	-
Total	\$ 34,367

See accompanying independent auditors’ report.

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 3 – RECEIVABLES (CONTINUED)**

Accounts receivable include amounts from various customers generally for user fees. All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles, which was \$0 for the year ended September 30, 2024.

PROPRIETARY FUNDS

<u>Accounts receivable</u>	
User Fees Receivable	\$ 41,112
Less: Allowance for doubtful accounts	-
Total	<u>\$ 41,112</u>

**NOTE 4 – SPECIAL ASSESSMENTS RECEIVABLE**

Assessments Receivable as of September 30, 2024 is as follows:

FIDUCIARY FUND ("Unaudited")

<u>Accounts receivable</u>	
User Fees Receivable	\$ 60,976
Less: Allowance for doubtful accounts	-
Total	<u>\$ 60,976</u>

**NOTE 5 – CAPITAL ASSETS**

The change in capital assets used in governmental activities during fiscal year 2023/24 was as follows:

	Balance 9/30/2023	Additions	Transfers and Disposals	Balance 9/30/2024
<b>Governmental Activities</b>				
Capital assets being depreciated:				
Buildings	274,153	-	-	274,153
Office Equipment	28,992	599	-	29,591
Community Center Equipment	945	-	-	945
Park Equipment	33,035	-	-	33,035
Cemetery Equipment	-	-	-	-
Public Works Equipment	61,162	-	-	61,162
Licensed Vehicles	43,420	-	-	43,420
Equipment	50,410	-	-	50,410
RV Park Improvements	670,086	-	-	670,086
Infrastructure	469,747	-	-	469,747
Total capital assets being depreciated	<u>1,631,950</u>	<u>599</u>	<u>-</u>	<u>1,632,549</u>
Total accumulated depreciation	<u>911,175</u>	<u>73,542</u>	<u>-</u>	<u>984,717</u>
Total capital assets being depreciated, net	<u>720,775</u>	<u>(72,943)</u>	<u>-</u>	<u>647,832</u>
Total governmental activities capital assets, net	<u>\$ 720,775</u>	<u>\$ (72,943)</u>	<u>\$ -</u>	<u>\$ 647,832</u>

Because the City is a Phase 3 government (governments with total annual revenues of less than \$10 million), the City is encouraged but not required to report major infrastructure assets retroactively. The City has not yet made a determination as to whether or not to record infrastructure assets retroactively.

Depreciation expense for the general fund in the amount of \$73,542 has not been charged to functions/programs of the primary government.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 5 – CAPITAL ASSETS (CONTINUED)**

The change in capital assets used in business-type activities during fiscal year 2023/24 follows:

	Balance 9/30/2023	Additions	Disposals	Balance 9/30/2024
<b>Business-type Activities</b>				
Capital assets not being depreciated:				
Construction in Progress	\$ 290,829	\$ 444,908	\$ -	\$ 735,737
Total capital assets not being depreciated	<u>290,829</u>	<u>444,908</u>	<u>-</u>	<u>735,737</u>
Capital assets being depreciated:				
Administrative Equipment	\$ 4,438	\$ -	\$ -	\$ 4,438
Automotive	29,426	-	-	29,426
Backhoe	23,755	-	-	23,755
System Improvements	3,404,924	-	-	3,404,924
Buildings	24,434	-	-	24,434
Equipment	56,162	780	-	56,942
Total capital assets being depreciated	<u>3,543,139</u>	<u>780</u>	<u>-</u>	<u>3,543,919</u>
Total accumulated depreciation	<u>2,314,420</u>	<u>66,176</u>	<u>-</u>	<u>2,380,596</u>
Total capital assets being depreciated, net	<u>1,228,719</u>	<u>(65,396)</u>	<u>-</u>	<u>1,163,323</u>
Total business-type activities capital assets, net	<u>\$ 1,519,548</u>	<u>\$ 379,512</u>	<u>\$ -</u>	<u>\$ 1,899,060</u>

Depreciation expense for the water and sewer funds was charged as follows:

<b>Business-type Activities</b>	
Water Fund	\$ 17,813
Sewer Fund	48,363
Total business-type activities depreciation	<u>\$ 66,176</u>

**NOTE 6 – LONG-TERM OBLIGATIONS**

Below are long-term obligations of the fiduciary fund (“Unaudited”):

<b>Fiduciary Funds</b>	Balance 9/30/2023	Increases	Decreases	Balance 9/30/2024	Due in one year
Bonds Payable	\$ 162,092	\$ -	\$ (11,414)	\$ 150,678	\$ 25,068
	<u>\$ 162,092</u>	<u>\$ -</u>	<u>\$ (11,414)</u>	<u>\$ 150,678</u>	<u>\$ 25,068</u>

The interest rate on the City’s fiduciary fund bonds payable is 4.75 percent. For the year ended September 30, 2024, interest expense was \$9,490. Accrued but unpaid interest on outstanding bonds payable as of September 30, 2024 is \$3,902. The outstanding bonds payable represent special assessment debt of the City.

These bonds payable are backed by assessments receivable of the local improvement district and are not backed by the full faith and guarantee of the City. The City acts as an agent for the property owners by collecting assessments, forwarding collections to special assessment debt-holders and, if necessary, beginning foreclosures.

*See accompanying independent auditors’ report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 6 – LONG-TERM OBLIGATIONS (CONTINUED)**

**Debt Service Requirements**

Debt service requirements on long-term debt at September 30, 2024, are as follows:

<u>Year Ended September 30,</u>	<u>Fiduciary Fund</u>		
	<u>Principal</u>	<u>Bonds Payable Interest</u>	<u>Total</u>
2025	25,068	7,157	32,225
2026	26,259	5,966	32,225
2027	27,506	4,719	32,225
2028	28,812	3,413	32,225
2029	30,181	2,044	32,225
2030	12,852	611	13,463
	<u>\$ 150,678</u>	<u>\$ 23,910</u>	<u>\$ 174,588</u>

**NOTE 7 – PENSION PLAN**

**Plan Description**

The City of Harrison contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at [www.persi.idaho.gov](http://www.persi.idaho.gov).

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

**Pension Benefits**

The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age, and highest average salary. Members become fully vested in their retirement benefits with five years of credited service (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited service is 2.0% (2.3% for police/firefighters) of the average monthly salary for the highest consecutive 42 months.

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided the Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

**Member and Employer Contributions**

Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) that are adequate to accumulate sufficient assets to pay benefits when due.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 7 – PENSION PLAN (CONTINUED)**

The contribution rates for employees are set by statute at 60% of the employer rate for general employees and 72% for police and firefighters.

As of June 30, 2024 the employee rate was 6.71% for general employees and 9.83% for police and firefighters. As of July 1, 2024, the employee rate increased to 7.18% for general employees and increased to 10.83% for police and firefighters.

The employer contribution rate as a percentage of covered payroll is set by the Retirement Board and was 11.18% for general employees and 13.26% for police and firefighters during the period July 1, 2023, through June 30, 2024. As of July 1, 2024 the employer rates for general employees increased to 11.96% and increased for police and firefighters to 14.65%.

The City's contributions were \$27,416 for the year ended September 30, 2024.

**Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At September 30, 2024, the City reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions in the Base Plan pension plan relative to the total contributions of all participating PERSI Base Plan employers. At June 30, 2024, the City's proportion was 0.00523353%.

For the year ended September 30, 2024, the City recognized pension expense of \$66,736. At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 31,168	\$ -
Changes in assumptions or other inputs	7,755	-
Net difference between projected and actual earnings on pension plan investments	-	3,554
Change in the City's proportion and differences between the City's contributions and the City's proportionate contributions	10,617	20,133
City's contributions subsequent to the measurement date	6,160	-
Total	\$ 55,700	\$ 23,687

\$6,160 was reported as deferred outflows of resources related to pensions resulting from City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2024.

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2024 the beginning of the measurement period ended June 30, 2023 is 4.4 and 4.4 for the measurement period June 30, 2024.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 7 – PENSION PLAN (CONTINUED)**

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follow:

Year ended September 30:	
2025	9,649
2026	33,289
2027	(11,178)
2028	(5,910)

**Actuarial Assumptions**

Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. The Base Plan amortizes any unfunded actuarial accrued liability based on a level percentage of payroll. The maximum amortization period for the Base Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary increase	3.05%
Salary inflation*	3.05%
Investment rate of return**	6.35%
Cost-of-living adjustments	1.00%

\* there is an individual additional component of assumed salary grown (on top of the 3.05%) that varies for each individual member based on the years of service.

\*\* net of pension plan investment expense

**Contributing Members, Service Retirement Members, and Beneficiaries**

General Employees and All Beneficiaries - Males Pub-2010 General Tables, increased 11%.  
 General Employees and All Beneficiaries - Females Pub-2010 General Tables, increased 21%.  
 Teachers - Males Pub-2010 Teacher Tables, increased 12%.  
 Teachers - Females Pub-2010 Teacher Tables, increased 21%.  
 Fire & Police - Males Pub-2010 Safety Tables, increased 21%.  
 Fire & Police - Females Pub-2010 Safety Tables, increased 26%.  
 Disabled Members - Males Pub-2010 Disabled Tables, increased 38%.  
 Disabled Members - Females Pub-2010 Disabled Tables, increased 36%.

An experience study was performed for the period July 1, 2015 through June 30, 2020 which reviewed all economic and demographic assumptions including mortality. The Total Pension Liability as of June 30, 2024 is based on the results of an actuarial valuation date July 1, 2024.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 7 – PENSION PLAN (CONTINUED)**

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System’s asset allocation. The assumptions and the System’s formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System’s assets.

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are as of 2024.

<b>Capital Market Assumptions</b>		
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Cash	0.00%	0.00%
Large Cap	18.00%	4.50%
Small/Mid Cap	11.00%	4.70%
International Equity	15.00%	4.50%
Emerging Markets Equity	10.00%	4.90%
Domestic Fixed	20.00%	-0.25%
TIPS	10.00%	-0.30%
Real Estate	8.00%	3.75%
Private Equity	8.00%	6.00%

**Discount Rate**

The discount rate used to measure the total pension liability was 6.35%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

**Sensitivity of the City’s proportionate share of the net pension liability to changes in the discount rate**

The following presents the City’s proportionate share of the net pension liability calculated using the discount rate of 6.35%, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.35%) or 1-percentage-point higher (7.35%) than the current rate:

	1% Decrease (5.35%)	Current Discount Rate (6.35%)	1% Increase (7.35%)
City’s proportionate share of the net pension liability (asset)	\$ 372,020	\$ 195,768	\$ 51,815

See accompanying independent auditors’ report.

**CITY OF HARRISON**  
**Notes to Financial Statements**  
**September 30, 2024**

**NOTE 7 – PENSION PLAN (CONTINUED)**

**Pension plan fiduciary net position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at [www.persi.idaho.gov](http://www.persi.idaho.gov).

**Payables to the pension plan**

At September 30, 2024, the City reported \$15,121 of payables to the pension plan.

**NOTE 8 – RISK MANAGEMENT**

The City faces a number of risks of loss including damage to and loss of property and contents, professional liability, i.e. errors and omissions, and health insurance costs of employees. Commercial insurance policies are purchased for health insurance. Coverage for the loss or damage to property and professional liability insurance is provided by the Idaho Counties Risk Management Program (ICRMP). ICRMP provides general liability, property insurance, and public officials' insurance. The City, along with other participating entities, contributes annual amounts determined by ICRMP management. As claims arise they are submitted to and paid by ICRMP. There were no significant reductions in insurance coverage from the prior year. The City's workman's compensation coverage is provided by the Idaho State Insurance Fund.

*See accompanying independent auditors' report.*

**CITY OF HARRISON**  
**Notes to Budget and Actual – General Fund**  
**Year Ended September 30, 2024**

Budgets are adopted for the general and enterprise fund. The annual budget is a plan of financial operation with an estimate of expenditures and means of financing them. A preliminary budget is prepared in July, budget hearings are held, and the final budget is adopted by October 1.

The adopted budget constitutes the appropriations for the City and is the maximum limit of expenditures in each budgeted fund. The adopted budget may be amended for emergencies and other matters as provided by State law. There were no amendments to the fiscal year 2023/24 budget.

The budget is prepared on the basis of accounting described for its governmental funds in Note 1 to the financial statements. Tax levies are set by expenditure requirements, but are authorized and limited by State law. Transfers of budget authority within a fund are permitted. Appropriations lapse at September 30.

The amounts shown in the budget column of the schedule are the original and final budgeted amounts. State law requires only that a fund's total expenditures not exceed total budgeted expenditures.

*See accompanying independent auditors' report.*

REPORT REQUIRED BY GAO

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mayor and City Council  
City of Harrison, Idaho

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Harrison, Idaho as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Harrison, Idaho's basic financial statements and have issued our report thereon dated October 1, 2025.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Harrison, Idaho's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Harrison, Idaho's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Harrison, Idaho's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings as items #2024-1 and #2024-3, that we consider to be material weaknesses.

### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Harrison, Idaho's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be

reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as item #2024-2.

### **City of Harrison, Idaho's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the City of Harrison's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. City of Harrison's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CITY OF HARRISON**  
**Schedule of Findings and Responses**  
**September 30, 2024**

**2024-1**

*Internal Controls over Financial Close and Reporting Process*

Criteria

A strong system of internal controls and management review requires that general ledger account balances be properly reconciled to subsidiary ledger and supporting documentation on a periodic basis, as well as during the year-end financial close process in order to accurately and completely close the current year general ledger. Management is responsible for maintaining its accounting records in accordance with accounting principles generally accepted in the United States of America (GAAP).

Condition

During the audit of the City's financial statements, we identified material misstatements in the City's general ledger which necessitated the proposal of numerous significant audit adjustments.

Effect

The financial statements of the City were materially misstated when provided to the auditor. Outside of the adjustments related to the nonattest services provided in connection with the audit, there were material adjustments to receivables, payables, deferred revenues, grant related transactions, and interfund balances.

Overall, the proposed audit adjustments resulted in material corrections to both the fund level and government-wide financial statements.

Cause

The City did not perform an adequate year-end closing process and oversight over financial reporting was lacking. Insufficient time and resources were allocated to ensuring a proper review of general ledger account balances, reconciliations to source documents, and necessary year-end adjustments occurred.

Recommendations

Our recommendation for the City is to create and implement a financial close checklist to aid in the year-end financial close and reporting process. Additionally, we recommend that more time and resources are allocated to the financial close process and preparing for the annual audit. For the upcoming fiscal year, we recommend working with a third-party consultant to assist in closing the general ledger, strengthening controls over financial reporting, and preparing for the audit.

Views of Responsible Officials

The city is in agreement with the recommendation. Currently, the city is examining up-to-date reports and bank statements, while the council conducts its own evaluations. With the completion of the 2024 audit, the 2025 records will soon be ready for auditors. The city will be in compliance upon completion of the 2025 audit and staff will be taking QuickBooks classes to improve accounting practices. Additionally, receivables and payables will be processed daily as received.

**CITY OF HARRISON**  
**Schedule of Findings and Responses**  
**September 30, 2024**

**2024-2**

*Untimely Audit Completion*

Criteria

Per Idaho State Statute 67-450B, a local government entity whose annual expenditures (from all sources) exceed two hundred fifty thousand dollars (\$250,000) in a fiscal year shall cause a full and complete audit if its financial statements to be made on an annual basis. The entity shall file a completed audit report with the legislative services office within nine months after the end of the audit period.

Condition

The City did not have their fiscal year 2024 audit completed within the 9 month required time frame.

Effect

There is no financial effect of this deficiency; it is a State compliance issue only.

Cause

The City failed to have their annual audit completed in a timely manner.

Recommendations

Our recommendation for the City is for the Council and finance personnel to keep up to date on their understanding of Idaho State Statutes and how they apply to the City, ensuring that their year-end close is performed in time for an audit to be completed within the required time frame.

Views of Responsible Officials

The City is in agreement with the recommendation. New processes have been in place beginning in 2024 with the new administrative staff and the City is working to catch up the audits.

**CITY OF HARRISON**  
**Schedule of Findings and Responses**  
**September 30, 2024**

**2024-3**

*Late Payment of Payroll Taxes and Persi Retirement Contributions*

Criteria

Per Internal Revenue Service (IRS) regulations, employers are required to deposit federal payroll taxes (including income tax withheld and both the employer and employee portions of Social Security and Medicare taxes) on a timely basis according to their applicable deposit schedule. Additionally, Idaho Code §59-1325, employer and employee contributions to the Public Employee Retirement System of Idaho (PERSI) must be remitted by employers no later than the 5th day after each payroll.

Condition

During our audit of fiscal year 2024, it was noted that the City did not remit payroll tax deposits to the IRS within the required timeframes and did not remit PERSI contributions to the state retirement fund on multiple occasions throughout the fiscal year.

Effect

Late payment of payroll taxes can result in penalties and interest assessed by the IRS, which represent an avoidable cost to the City. Late submission of PERSI contributions can result in penalties and interest assessed by PERSI and may negatively impact the timely crediting of retirement service and contributions for employees. Additionally, repeated noncompliance may increase the risk of further scrutiny or enforcement action by taxing authorities or the state.

Cause

The City experienced turnover in key finance department positions, which disrupted regular payroll processing and oversight procedures. These issues contributed to delays in the timely remittance of payroll taxes and PERSI contributions.

Recommendations

We recommend that the City implement stronger internal controls over payroll processing and related remittance of taxes and retirement contributions, including assigning backup personnel and establishing calendar reminders or automated systems to ensure timely payments. Regular reconciliation of payroll and contribution reports to the City general ledger is also advised to identify and correct any issues promptly.

Views of Responsible Officials

The City is aware this issue was present during fiscal year 2023 and 2024 and took steps to remedy it. Going forward, the City will monitor payroll taxes and Persi payments more closely and make sure all are paid in a timely manner.
