BREAKING GROUND: BIOFERTILIZER PROGRAM BY DA-BIOPHIL

We're thrilled to unveil our latest initiative aimed at promoting sustainable farming practices and environmental stewardship. After years of hard work and dedication, we're excited to announce that our biofertilizers have received accreditation from the Philippine Department of Agriculture and have met the rigorous standards set forth by BIOPHIL.

READ MORE >>>

WHAT DOES THIS MEAN FOR YOU?

By participating in the Biofertilizer Program, you can trust that you're using products that adhere to the highest standards of quality and sustainability. Our biofertilizers are formulated to enhance soil health, promote plant growth, and minimize environmental impact. Plus, with accreditation from the Philippine Department of Agriculture, you can have confidence in the safety and efficacy of our products.

TECHNICAL EVENTS: ENSURING QUALITY ASSURANCE

As part of our commitment to transparency and quality assurance, we've actively participated in various technical demo events organized by BIOPHIL. These events allow us to showcase the effectiveness of our biofertilizers and provide valuable insights into their application and benefits.

EXPERT ADVICE

Through expert guidance, we're empowering farmers like you to make informed decisions about sustainable agriculture practices.

UPCOMING EVENTS

Stay tuned for upcoming workshops, webinars, and community events where you can learn more about sustainable farming practices and connect with fellow eco-conscious farmers.

Together, Let's Grow Greener!

Thank you for being a part of our sustainable farming community. Together, we can cultivate a healthier planet for generations to come.
