John Sandberg's Tsunami racer and his quest for a piston engined air speed record epitomized a spirit of daring and adventure that defines the finer qualities of humanity. Sadly, Mr. Sandberg's dream ended with his death in the crash of the beautiful Tsunami. It should be recognized that this dream lives on in those of us inspired by his attempt to achieve something greater than ourselves.

Terry Lundby
Proud recipient of the 2022 MAHOF Artist of the Year Award.
