

The Mother Teresa Cancer Awareness Fund was created to assist those in our community with cancer who need help managing the cost of expenses due to their cancer treatments. The grants are to assist with expenses such as prescriptions, treatment, transportation, home and child care, co-pays and deductibles; whatever the patient has a need for during this time.

Our goal is to assist everyone who comes to us for aid. The funds of the Mother Teresa Cancer Awareness Fund are limited and based on a first come-first serve basis.

The Mother Teresa Cancer Awareness Fund was founded by Joyce Maddalone, a cancer survivor of an extremely rare cancer called “strombal tumor of the sex cord” cancer which is a form of uterine and ovarian cancer in addition to melanoma. Joyce’s wish was the inspiration that started the Mother Teresa Cancer Awareness Fund that would assist others, with **any type of cancer**, who are met with unexpected expenses due to their treatment, in the Capital District of New York.

As Mother Teresa made it her life’s mission to help others, we come together as a community to help and support each other. Our grants go directly to the patient (unless other arrangements have been made to assist with a particular need) to aid in the financial burden caused by cancer.

Each person applying for assistance must show proof of cancer diagnosis with Attending Physician Statement before assistance may be provided.

Patient must request a specific amount for assistance in order for application to be processed.

Based on availability of funds, grant check will be sent to the patient (unless otherwise stated) within fourteen (14) business days.

The Mother Teresa Cancer Awareness Fund Team consists of volunteers, we do not request repayment of the grants. We do accept volunteers to join us in our fundraising efforts. If you know of someone who would like to join our team as a volunteer, please have them contact Terra Maddalone-Ristau at (518) 429-9097 or via email at Terra@mtcaf.org.
