

R&D TAX CREDIT

Software & Technology

Flanagan Capital, LLC is dedicated to your company's success by assisting in the reduction of your tax liability. The Research and Development Tax Credit was originally introduced in the Economic Recovery Tax Act of 1981 and is a government-sponsored tax incentive that rewards companies for conducting R&D within the United States. Flanagan Capital will facilitate the process to help make your business gain competitive advantage, expand faster and increase overall profit by taking advantage of the R&D Tax Credit.

Points of Focus:

- Cost Improvements
- New Products
- Performance
- Reliability
- New Processes
- Software
- Quality Assurance
- Firmware
- Programming

What activities qualify for R&D Tax Credits?

R&D Activities which qualify a company for Tax Credits, can be overlooked by a company due to lack of knowledge. Examples of activities that may qualify your company for R&D Tax Credits are as follows:

- New System Design
- Implementation of any kind
- Testing & Integration
- Innovation, operations, maintenance and enhancements
- Planning
- Gathering and Analysis of Requirements
 - Database
 - Technology Infrastructure
 - Programming
 - User Requirements
