Last First

Address: _____
Street Address Apartment/Unit #

Address: _____
City/Town Province Postal Code

Phone: _____ Email _____

Preferred Field Positions: 1) 2) 3)

Premier (Tier 1) Expectations

Having a player on a more competitive team will come with certain expectations from the team. Parents and players are asked to read and sign this form to confirm their understanding of what this experience will entail.

- This team will travel to **one or two tournaments outside of their local area**. Provincials are also a tournament that this team is expected to play in and often it is also outside of our local area. The expectation will be to have your daughter attend these tournaments.
- Premier teams conduct **one or more practices each week** in addition to games. The expectation will be to attend practice, this can affect playing time.
- Our premier team players will have opportunities to play most positions, but those that show aptitude toward certain positions will be given priority during Tournaments, Playoffs and Provincials.
- The expectation is dedication when joining a competitive team. Attendance issues will result in playing time adjustments.
- To facilitate the extra practice times, field rental fees, tournament fees and equipment needs, there is an expectation that the team will conduct fundraising activities.
- The expectation for start time for games and practices is generally 45-60 minutes early, players are ready to take the field and start warming up at this time, not start to get ready.
- Parents will be required to help the coaches with practices and preparations before games, the coaching staff will set out the requirements at their pre-season team meeting. It is expected to have **all** parents help in some way.

Acceptance and Signature

I have read and I understand the expectations of playing on a Premier (Tier 1) Team.
