

The Bathroom Collection

Calypso Bathroom Furniture - Spring 2024

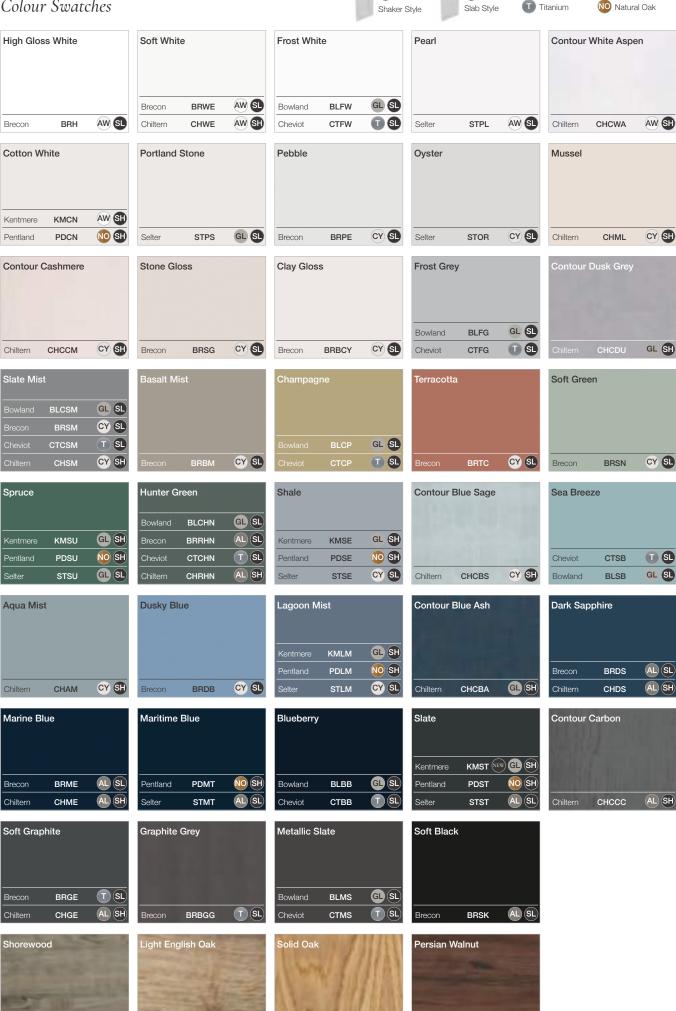

Vanity Furniture Colour Swatches

All our door finishes are supplied with the complementing carcass colours as shown below by default. If a different mix of fascia and carcass finishes is required, they will need to be specified separately (see breakdown pages 368). The finishes reproduced in this brochure are subject to screen and print variations. Therefore please use our free sample service for more exact colour matching. All fitted furniture orders are dispatched within 72 hours.

Why choose Calypso?

Exceptional quality

Our products undergo rigorous research, maintaining high standards in design, functionality, and quality, ensuring we stay at the forefront of the industry. We minimise our environmental impact by sourcing timber responsibly and investing in ecofriendly vehicles and energy-efficient practices.

Planning & advice

Calypso is available through 2000+ trusted retailers nationwide, so you're never far from expert help and advice on planning and designing your new bathroom. Go to **calypsobathrooms.co.uk/retailers-search** to find a retailer near you.

Free sample service

We understand the importance of making the right choices for your bathroom, and our free sample service allows you to touch and feel the quality of our materials before making a decision. Explore our offering and start your design journey with our free sample service at **calypsobathrooms.co.uk/samples**

Support & aftercare

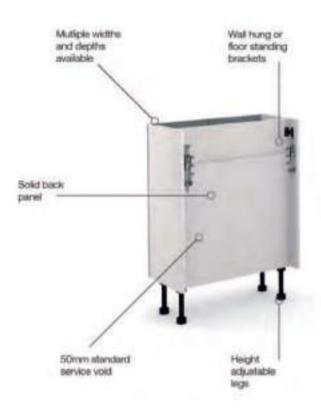

Our Customer Success and after sales teams ensure exceptional support from initial design to final installation and beyond. With our 5-Year Guarantee on all Calypso products, you can buy with confidence. You can call us Monday to Friday on **01432 367 367** or email us at **sales@woodstockco.com**

Fitted Furniture Guide

Our fitted furniture is designed with simplicity and functionality in mind. This brief guide will walk you through the straightforward steps to assemble a run of fitted furniture for your bathroom.

When you order fitted furniture, the unit carcass is the foundation – the core pre-assembled structure. Along with the carcass, you'll need fascias, the front panels that define your furniture's external appearance, end panels covering the sides of the carcass for a seamless look, and plinths, concealing the space underneath the unit. Some collections may also offer decorative elements that can be added to enhance the overall aesthetic of your furniture.

When you order using a unit kit code, everything you need is included. The pre-assembled carcass simplifies the installation process. Fascias, end panels, and plinths are then applied, providing a refined finish to your fitted furniture.

Ordering Fitted Furniture

When ordering, notice that each unit code has two asterisks (**). To select your finish, replace the asterisks with the finish code found at the top right of the pricing page. This method ensures that the correct finish fascia panels are automatically included when ordering complete units.

Alternatively, for individual components, refer to the Fitted Furniture Breakdown on page 368. Ensure you specify both the carcass finish code and fascia finish code when ordering.

Example

In the example below, the WC unit from our Brecon (BR) collection has a code displayed with two asterisks.

Therefore, if you require the unit in Brecon (BR) High Gloss White (Finish code: H), you would make a purchase using the code: 4226**BRH** (4226 + **BR** + **H**)

Basin Units - One Door

Size (W x D x H)mm	Code	Price	Carcass	Upper Panel	Door
400 x 303 x 811	4401BR**	£509.00	4036	2040	5047
400 x 218 x 811	4201BR**	£509.00	4036S	2040	5047

^{**} For High Gloss White - H would replace the two asterisks to complete the order code

Inspired by tradition, shaped by innovation.

In our Spring 2024 release, we are introducing a range of products that are intricately designed to pay homage to traditional style and heritage charm.

Our commitment features many highlights such as the exquisite Persian Walnut finish, showcased prominently in both the Brecon collection and the new Petra fluted vanity collection.

For a refined look, our unique Calypstone and marble-effect worktops with undermount basins combine with our new traditional brassware family, Venecia, for a statement look. Additionally, three new handle families – Floresta, Castello, and Valencia – are each thoughtfully created to complement the aesthetic of your furniture.

In our latest chapter, we are embracing the beauty of classic aesthetics and redefining the essence of traditional bathroom furniture - all awaiting discovery over the following pages.

New to Calypso

Experience the luxury of the Persian Walnut finish, complemented by the brilliance of brushed brass handles and the sophisticated touch of marble worktops.

Below, the new Petra fluted vanity is showcased with a Floresta Bar Handle and is completed with a Gold Calacatta Solid Surface Worktop featuring an Undermount Basin.

Opposite, our Brecon fitted two-drawer vanity is presented with a Castello Bar Handle, Calypstone Aura Worktop in Cirrus White with an Undermount Basin, and Venecia brassware.

Above, our beloved Levanto collection now features a fluted front in addition to the flat design, as showcased above in the warm and natural Tortona Oak finish.

Immerse yourself in the heritage aesthetic of our Pentland range, adorned with our new Calypstone Worktop with Undermount Basin, and Tongue-and-Groove End Panels, shown top right.

Fitted Furniture

Sophisticated & versatile with efficient storage.

Calypso fitted furniture is designed to provide versatile and sophisticated options for luxury bathrooms. With forty-three finishes across eight collections, we are confident you will find the perfect fit for your needs.

Our fitted bathroom furniture is crafted to offer an ideal solution for homes looking to optimise space usage while prioritising ample storage. This ensures that not only do you get a beautifully crafted and luxurious bathroom, but also a practical solution for your bathroom. Plus, all Calypso products come with a 5-Year Guarantee for your peace of mind.

How To Order

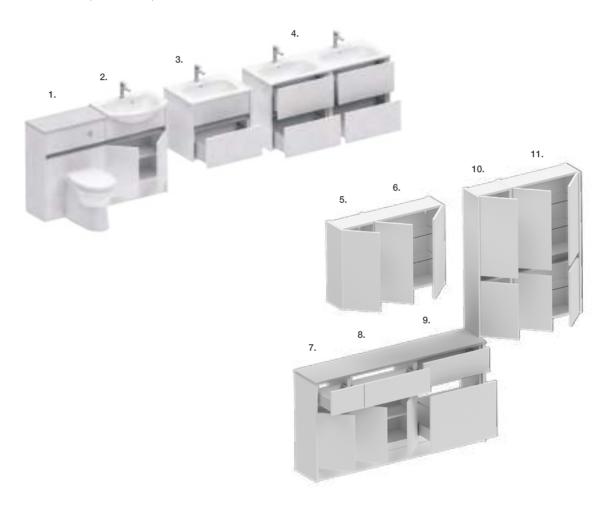

Ordering Fitted Furniture: When placing an order, replace the two asterisks (**) in each unit code with the Finish Code located at the top right of the pricing page. This ensures that the correct finish fascia panels are automatically included when ordering complete units.

For a detailed guide on ordering Fitted Furniture, see page 7. Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown see page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

Unit Matrix

For unit dimensions and pricing breakdown information see page 368.

- 1. 500 & 600 Floor Reaching WC Unit
- 2. 500 & 600 Two Door Basin Unit
- 3. 600 & 800 One Drawer & Two Drawer Wall Hung Vanity Unit
- 4. 1200 Two Drawer & Four Drawer Wall Hung Vanity Units
- 5. 300 One Door Wall Unit (Mirrored Available)
- 6. 500 & 600 Two Door Wall Unit (Mirrored Available)
- 7. 200 & 300 One Door Drawerline Unit
- 8. 600 Two Door Drawerline Unit
- 9. 300 & 600 Two Drawer Unit
- 10. 300 Two Door Tall Wall Unit (Mirrored Available)
- 11. 600 Four Door Tall Wall Unit (Mirrored Available)

Bowland Furniture Details

Bowland features 18mm pre-assembled MFC with PVC edging, drilled and marked for fittings. Fully adjustable all-steel soft-close hinges for doors and 4-way adjustable soft-close runners to drawers. Carcasses require finishing with a metallic inset profile. All units come with a wall-fixing kit for safe installation.

The dimensions include a 700mm carcass with a floor service void of 150mm rebated behind a 105mm plinth face and three base unit depths (218mm, 303mm and 443mm). Standard depth units with a width of 300mm or more and slimline units of 400mm or more have a 50mm service space at the rear of the unit, units narrower than these sizes and units with a drawer do not have a service space. Not for wet rooms; suitable for well-ventilated bathrooms.

When placing an order, replace the two asterisks (**) in each unit code with the finish code located at the top right of the pricing page. This ensures that the correct fascia finish is automatically included when ordering complete units. For a detailed guide on ordering Fitted Furniture, see page 7.

Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown on page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

How To Order

Ordering Fitted Furniture: When placing an order, replace the two asterisks (**) in each unit code with the Finish Code located at the top right of the pricing page. This ensures that the correct finish fascia panels are automatically included when ordering complete units.

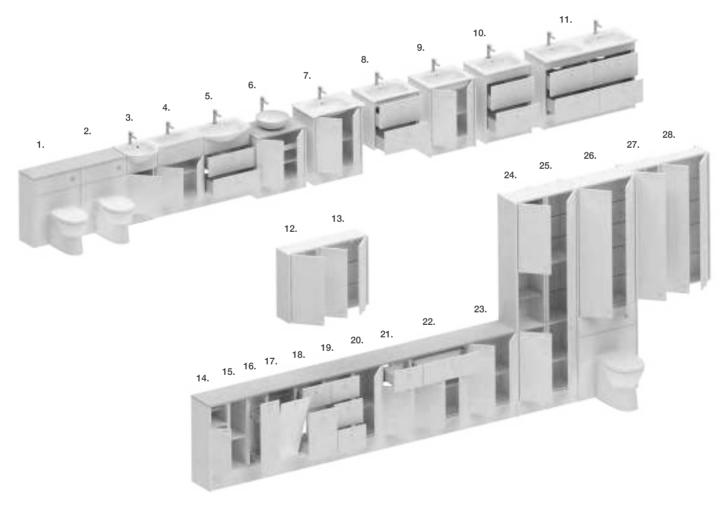

For a detailed guide on ordering Fitted Furniture, **see page 7**. Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown **see page 368**. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

Unit Matrix

For unit dimensions and pricing breakdown information see page 368.

Brecon Furniture Details

Brecon features 18mm vinyl-wrapped furniture-grade MDF slab doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias are pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. All units come with a wall-fixing kit for safe installation.

Choose from two carcass/plinth heights (661/561mm and 150/250mm) and three base unit depths (218mm, 303mm and 443mm). Standard depth units with a width of 300mm or more and slimline units of 400mm or more have a 50mm service space at the rear of the unit, units narrower than these sizes and units with a drawer do not have a service space. Not for wet rooms; suitable for well-ventilated bathrooms.

When placing an order, replace the two asterisks (**) in each unit code with the finish code located at the top right of the pricing page. This ensures that the correct fascia finish is automatically included when ordering complete units. For a detailed guide on ordering Fitted Furniture, see page 7.

Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown on page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

<u>How</u> To Order

Ordering Fitted Furniture: When placing an order, replace the two asterisks (**) in each unit code with the Finish Code located at the top right of the pricing page. This ensures that the correct finish fascia panels are automatically included when ordering complete units.

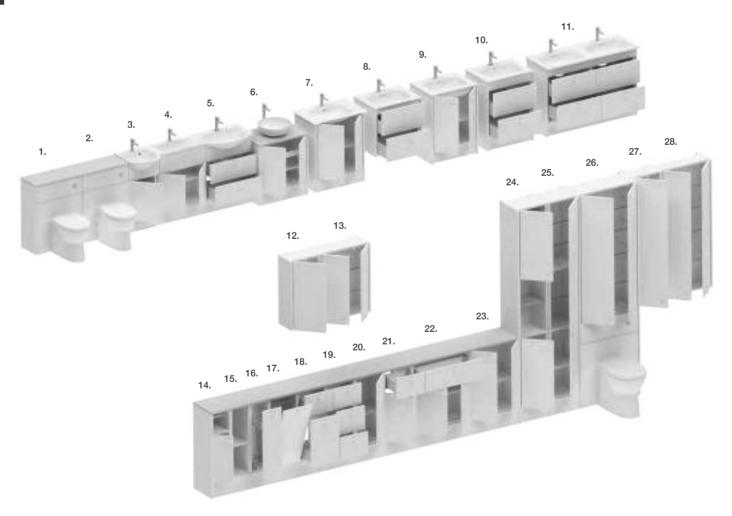

For a detailed guide on ordering Fitted Furniture, **see page 7**. Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown **see page 368**. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

Unit Matrix

For unit dimensions and pricing breakdown information see page 368.

Cheviot Furniture Details

Cheviot features 18mm acrylic-faced furniture grade MDF square doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias are pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. All units come with a wall-fixing kit for safe installation.

Choose from two carcass/plinth heights (661/561mm and 150/250mm) and three base unit depths (218mm, 303mm and 443mm). Standard depth units with a width of 300mm or more and slimline units of 400mm or more have a 50mm service space at the rear of the unit, units narrower than these sizes and units with a drawer do not have a service space. Not for wet rooms; suitable for well-ventilated bathrooms.

 ${
m P}_{72}$ All prices include VAT

Matching Edging

Hard-wearing PVC edge to match the face finish exactly

Glass Effect Edging

The unique PVC edging to enhance the look of the polished acrylic fascia

When placing an order, replace the two asterisks (**) in each unit code with the finish code located at the top right of the pricing page. This ensures that the correct fascia finish is automatically included when ordering complete units. For a detailed guide on ordering Fitted Furniture, see page 7.

Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown on page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

When placing an order, replace the two asterisks (**) in each unit code with the finish code located at the top right of the pricing page. This ensures that the correct fascia finish is automatically included when ordering complete units. For a detailed guide on ordering Fitted Furniture, see page 7.

Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown on page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

How To Order

Ordering Fitted Furniture: When placing an order, replace the two asterisks (**) in each unit code with the Finish Code located at the top right of the pricing page. This ensures that the correct finish fascia panels are automatically included when ordering complete units.

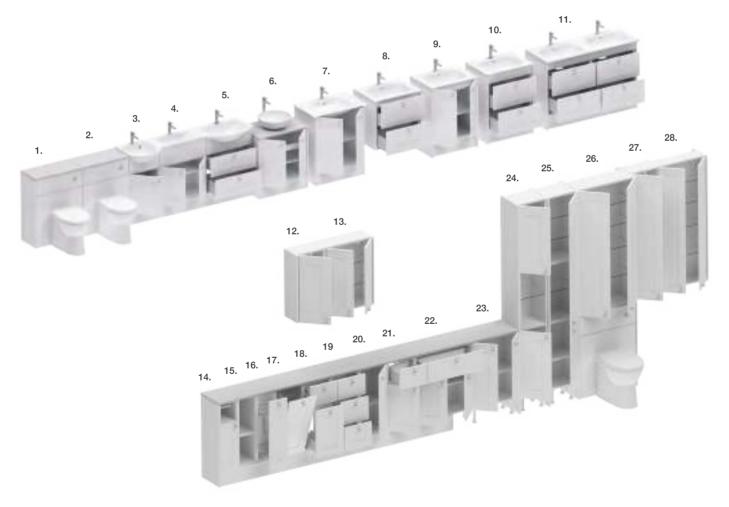

For a detailed guide on ordering Fitted Furniture, **see page 7**. Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown **see page 368**. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

Unit Matrix

For unit dimensions and pricing breakdown information see page 368.

- 1. 400, 500, 600 & 700 Floor Reaching WC Unit
- 2. 500 & 600 Plinthline WC Unit
- 3. 400 One Door Basin Unit
- 4. 500, 600 & 700 Two Door Basin Unit
- 5. 600 Two Drawer Basin Unit
- 6. 300 & 600 Deep Unit
- 7. 695 Washstand

Chiltern Furniture Details

Chiltern features 18mm Vinyl wrapped furniture grade MDF shaker style doors and fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses and fascias are pre-drilled and marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. All units come with a wall-fixing kit for safe installation.

Choose from two carcass/plinth heights (661/561mm and 150/250mm) and three base unit depths (218mm, 303mm and 443mm). Standard depth units with a width of 300mm or more and slimline units of 400mm or more have a 50mm service space at the rear of the unit, units narrower than these sizes and units with a drawer do not have a service space. Not for wet rooms; suitable for well-ventilated bathrooms.

When placing an order, replace the two asterisks (**) in each unit code with the finish code located at the top right of the pricing page. This ensures that the correct fascia finish is automatically included when ordering complete units. For a detailed guide on ordering Fitted Furniture, see page 7.

Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown on page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

When placing an order, replace the two asterisks (**) in each unit code with the finish code located at the top right of the pricing page. This ensures that the correct fascia finish is automatically included when ordering complete units. For a detailed guide on ordering Fitted Furniture, see page 7.

Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown on page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

High Rise Units

High rise unit with two left/right hand reversible soft-close doors and open central section. Three removable glass shelves and one removable MFC shelf.

How To Order

Ordering Fitted Furniture: When placing an order, replace the two asterisks (**) in each unit code with the Finish Code located at the top right of the pricing page. This ensures that the correct finish fascia panels are automatically included when ordering complete units.

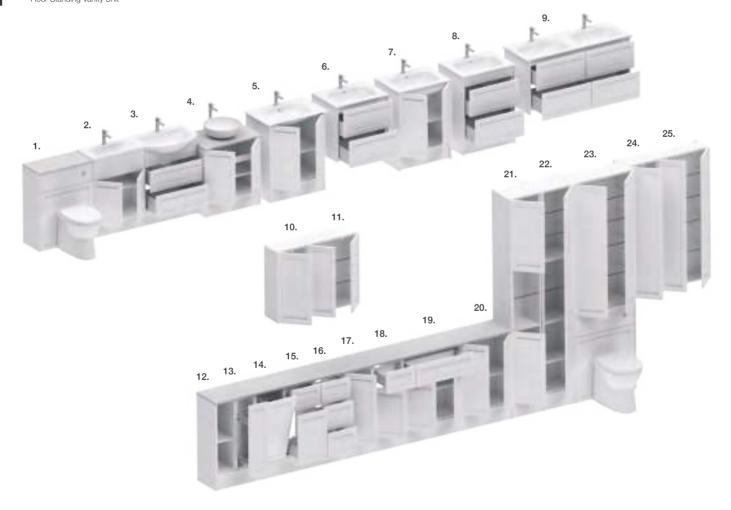

For a detailed guide on ordering Fitted Furniture, see page 7. Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown see page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

Unit Matrix

For unit dimensions and pricing breakdown information see page 368.

- 1. 500 & 600 Floor Standing WC Unit
- 2. 500, 600 & 700 Two Door Basin Unit
- 3. 600 Two Drawer Basin Unit
- 4. 600 Deep Base/Basin Unit
- 695 Washstand
- 6. 500, 600 & 800 Wall Hung Two Drawer Vanity Unit
- 7. 500 & 600, Floor Standing Two Door Vanity Unit
- 8. 500, 600 & 800 Floor Standing Two Drawer Vanity Unit
- 1200 Four Drawer Wall Hung & Floor Standing & Four Door Floor Standing Vanity Unit
- 10. 200 & 300 One Door Wall Unit (250 & 300 Mirrored Available) 19. 600 Two Door Drawerline Unit
- 11. 400 & 600 Two Door Wall Unit (500 & 600 Mirrored Available) 20. 400 & 600 Two Door Base Unit
- 12. 200 Open Unit
- 13. 200 Pull Out Toilet Roll Unit
- 14. 300 Laundry Unit

Kentmere Furniture Details

Kentmere features 19mm painted and lacquered MDF shaker-style doors and fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses and fascias are pre-drilled and marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. All units come with a wall-fixing kit for safe installation.

The dimensions include a 661mm carcass with a 150mm plinth height, and three base unit depths (218mm, 303mm and 443mm). Standard depth units with a width of 300mm or more and slimline units of 400mm or more have a 50mm service space at the rear of the unit, units narrower than these sizes and units with a drawer do not have a service space. Not for wet rooms; suitable for well-ventilated bathrooms.

How To Order

Ordering Fitted Furniture: When placing an order, replace the two asterisks (**) in each unit code with the Finish Code located at the top right of the pricing page. This ensures that the correct finish fascia panels are automatically included when ordering complete units.

For a detailed guide on ordering Fitted Furniture, **see page 7**. Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown **see page 368**. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

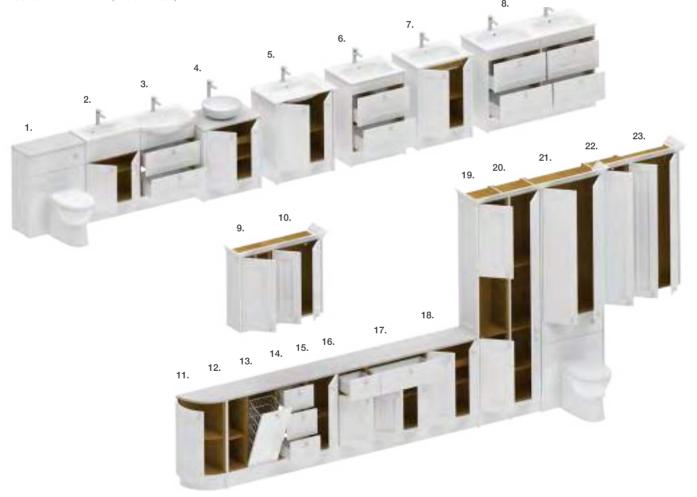

Unit Matrix

For unit dimensions and pricing breakdown information see page 368.

Pentland Furniture Details

Pentland features painted and lacquered MDF shaker-style doors and fascia panels. 22mm end panels and a two-piece plinth. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses and fascias are pre-drilled and marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. All units come with a wall-fixing kit for safe installation.

The dimensions include a 661mm carcass with a 150mm plinth height, and three base unit depths (218mm, 303mm and 443mm). Standard depth units with a width of 300mm or more and slimline units of 400mm or more have a 50mm service space at the rear of the unit, units narrower than these sizes and units with a drawer do not have a service space. Not for wet rooms; suitable for well-ventilated bathrooms.

A traditional touch for the top of Pentland wall units.

Perfect under-wall unit trim to facilitate concealed lights. Can be used as a modern cornice.

Selter

A simple, modern and uniform style.

The Selter collection presents a sleek integrated handle design, offering a minimalist and contemporary aesthetic. Uninterrupted architectural lines ensure a uniform run of fitted furniture that is both modern and functional.

How To Order

Ordering Fitted Furniture: When placing an order, replace the two asterisks (**) in each unit code with the Finish Code located at the top right of the pricing page. This ensures that the correct finish fascia panels are automatically included when ordering complete units.

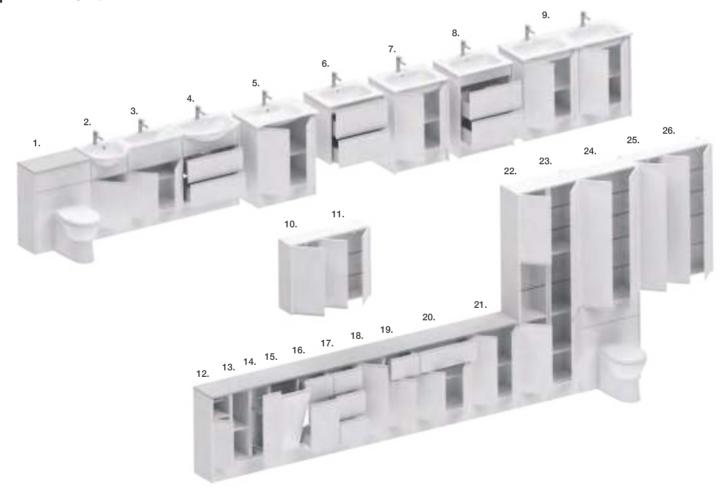

For a detailed guide on ordering Fitted Furniture, **see page 7**. Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown **see page 368**. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

Unit Matrix

For unit dimensions and pricing breakdown information see page 368.

Selter Furniture Details

Selter features robust 19mm painted and lacquered MDF doors and fascia panels with integrated handles. The 19mm ready-assembled MFC carcasses, edged with PVC, provide durability. All units have pre-assembled carcasses with PVC edges, pre-drilled for easy setup. Doors have fully adjustable all-steel soft-close hinges and soft-close drawer runners with 4-way fascia adjustment. All units come with a wall-fixing kit for safe installation.

The dimensions include a 661mm carcass with a 150mm plinth height, and three base unit depths (218mm, 303mm and 443mm). Standard depth units with a width of 300mm or more and slimline units of 400mm or more have a 50mm service space at the rear of the unit, units narrower than these sizes and units with a drawer do not have a service space. Not for wet rooms; suitable for well-ventilated bathrooms.

When placing an order, replace the two asterisks (**) in each unit code with the finish code located at the top right of the pricing page. This ensures that the correct fascia finish is automatically included when ordering complete units. For a detailed guide on ordering Fitted Furniture, see page 7.

Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown on page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

Washstand

The Calypso Washstand is designed to offer the combination of a more traditionally styled vanity unit with the practicality of Fitted Furniture in the same room. The Washstand kit includes carcass. soft-close doors, decor panels, plinth, Banari ceramic basin and all fittings.

When placing an order, replace the two asterisks (**) in each unit code with the finish code located at the top right of the pricing page. This ensures that the correct fascia finish is automatically included when ordering complete units. For a detailed guide on ordering Fitted Furniture, see page 7.

Alternatively, if ordering individual components, refer to the Fitted Furniture Breakdown on page 368. Make sure to specify both the carcass finish code and fascia finish code when placing your order.

Solid Oak Furniture Details

Doors are constructed with a solid oak frame and real oak veneer centre panel. 150mm and 200mm doors have a slightly narrower frame. Plinths, end panels, and worktops are real oak veneer on furniture-grade MDF core. All units have pre-assembled carcasses with PVC edges, pre-drilled for easy setup. Carcasses are 18mm ready-assembled MFC with PVC edging. Doors have fully adjustable all-steel soft-close hinges and soft-close drawer runners with 4-way fascia adjustment. All units come with a wall-fixing kit for safe installation.

Choose from two carcass/plinth heights (661/561mm and 150/250mm) and three base unit depths (218mm, 303mm and 443mm). Standard depth units with a width of 300mm or more and slimline units of 400mm or more have a 50mm service space at the rear of the unit, units narrower than these sizes and units with a drawer do not have a service space. Not for wet rooms; suitable for well-ventilated bathrooms.

Note: Solid Oak and Oak Veneer are natural products which may vary in shade and grain structure. Once installed, the finish will age and change over time based on light and moisture exposure.

Worktops

An oak veneer edging strip is to be used if the worktop needs to be cut to length and the cut end is exposed, the edging strip is supplied raw and will require finishing to match the oak worktop. The edging strip will always be wider than the product that is being edged, this is for application and trimming to a perfect finish.

Levanto

Levanto is a bow-fronted two-drawer vanity that combines versatility with style.

With the option to pair it with left and right-hand complement units, you can achieve up to four layout possibilities, with either a flat or fluted design. The full three-piece Levanto combination forms a beautiful wave-fronted unit, available in a variety of popular finishes and a choice of cast or glass basins.

Tesima

Tesima brings a modern feel to your bathroom with its fluted or flat front design.

Available in a variety of contemporary matt finishes, choose between a cast marble block basin or a sit-on bowl with worktop options. Storage is made easy with Tesima's large drawer that smoothly opens to reveal a hidden second drawer. For additional storage, consider adding a complement or tall wall unit to complete the look.

Calypstone Aura Solid Surface Worktops 12mm

These worktops are made from a mixed compound of natural minerals and acrylic resins. This material is the same all the way through, is completely non-porous and the smooth surface is resistant to most domestic chemicals. It can be cut and shaped using standard woodworking tools, and the cut edge sanded and polished to a perfect finish by hand.

Oak Veneered Worktops

A real oak veneer is laid on an MDF core and sealed on the underside and edges to form these worktops. The front edge is lipped with a 3mm solid oak strip to provide extra protection against knocks. An oak veneer edging strip is also available separately if the worktop needs to be cut to length and the cut end is exposed, the edging strip is supplied raw and will require finishing to match the oak worktop.

WHAT IS A RIMLESS PAN?

Traditional toilets distribute the flush water through a series of holes around the underside of the rim of the pan. However, the 'Rimless' pan does away with this under-rim, meaning the water can flow faster and with no hindrance to creating an enhanced flush.

The rimless toilet looks no different on the outside. The main difference is that the pan boasts a smooth bowl with reduced areas for bacteria or lime-scale to build up and settle, which makes a significant difference for cleaning and improved hygiene compared to traditional pans.

HIGHEST STANDARDS OF HYGIENE

No hidden spaces for germs to harbour.

Allows for easy cleaning.

Unique flush system means the water flows both vertical and around the rim covering the entire surface.

QUIETER & FASTER
Rimless technology allows for a more silent and faster flush than standard WC pans.

WC Cisterns

Calypso Concealed Cistern

Cable flush cistern with Chrome push button, designed for front or top access. Dual flush system with 6-liter or 4-liter flush, bottom inlet and insulated jacket for noise reduction. WRAS approved. Suitable for 500, 600 and 700 standard and slimline WC carcases.

Size: 460 x 127 x 340 mm (WxDxH)

Black	7472.25	£26.00

Basins

CE Ceramic Basins

Ceramic basins are crafted from molten fireclay, meticulously poured into molds and left to solidify before undergoing a meticulous hand-finishing process with the application of a ground glass glaze, expertly sprayed onto the basin before the final firing phase.

This enduring and robust material complements both a contemporary, minimalist bathroom suite and a more traditional aesthetic. Its resilience makes it easy to maintain a pristine appearance, as stains can be effortlessly removed. Far from imperfections, the

subtle ripples that occasionally grace its surface are distinctive features that add character to ceramic basins.

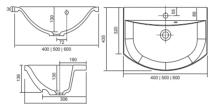

Cast Marble

Our Cast Marble basins are crafted from Dolomite Marble, a substance born from volcanic processes. After milling and purification, the marble is blended with polymer resin, shaped according to design specifications, and coated with a mixture of resin and quartz gel coat. This protective layer not only preserves the pigment but also ensures a flawlessly smooth finish.

The outcome is a remarkably robust and easily maintainable product, boasting consistent sizing and a sleek finish that surpasses conventional ceramics. Noteworthy is its repairable nature, making scratches a minor concern and rendering it a more forgiving option. With a cutting-edge, ultra-modern appeal, Cast Marble basins exude sharp and structured aesthetics.

Semi Recessed Basins

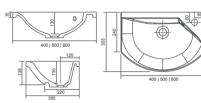

ART/Semi Recessed Basin

CIV

White. Cast Marble. One tap hole. External Overflow. Supplied with Chrome overflow ring, see more Type 1 overflow rings on page 357. These basins sit directly on the carcass. Each basin size is recommended to match the carcass size (i.e 400 basin suits a 400 carcass).

WHAT IS AN LED LIGHTING STRIP?

Supplied in 3 popular length kits, these lighting strips can be cut to fit any size of unit. The special 3M self-adhesive backing tape will enable you to stick them to almost any surface with ease.

Kits include a 12v Adapter/LED Driver

Zoned Lighting

Water and electricity are a dangerous combination so when choosing bathroom lights it is essential that you familiarise yourself with two terms; Bathroom Zones and IP Ratings. When purchasing bathroom lights you need to ensure that the fitting you choose has the relevant IP rating for the zone in which it is to be placed. So what are IP Ratings and Bathroom Zones?

IP RATING 1ST DIGIT			IP RATING 2ND DIGIT			
	OBJECT SIZE	PROTECTED AGAINST		PROTECTED AGAINST	TESTED FOR	
0	-	NO PROTECTION.	0	-	NO PROTECTION	
1	>50 MM	PROTECTION AGAINST ANY LARGE SURFACE AREA OF THE BODY BUT NOT DELIBERATE TAMPERING OR FORCE.	1	DRIPPING WATER	DRIPPING WATER – NO DAMAGING EFFECT WHEN TESTED AGAINST VERTICAL FALLING WATER DROPS.	
2	>12.5 MM	FINGERS OR SIMILAR SIZED TOOLS AND OBJECTS.	2	DRIPPING WATER WHEN TILTED UP TO 15°	VERTICALLY DRIPPING WATER HAS NO DAMAGING EFFECT WHEN THE LIGHT ENCLOSURE IS TILTED AT AN ANGLE UP TO 15° FROM ITS USUAL POSITION.	
3	>2.5 MM	THICK WIRES, TOOLS AND SIMILAR-SIZED FOREIGN BODIES.	3	SPRAYING WATER	WATER FALLING AS A SPRAY AT ANY ANGLE UP TO 60° HAS NO DAMAGING EFFECT.	
4	>1 MM	MOST WIRES, SCREWS, ETC.	4	SPLASHING WATER	WATER SPLASHING AGAINST LIGHT ENCLOSURE FROM ANY DIRECTION HAS NO DAMAGING EFFECT.	
5	DUST PROTECTED	Protected against dust, allowing limited ingress. (no harmful deposit)	5	WATER JETS	WATER PROJECTED BY A NOZZLE (6.3MM) AGAINST LIGHT ENCLOSURE FROM ANY DIRECTION SHALL HAVE NO DAMAGING EFFECT.	
6	DUST TIGHT	Dust tight. No ingress of dust.	6	POWERFUL WATER JETS	WATER PROJECTED IN POWERFUL JETS (12.5MM NOZZLE) AGAINST THE LIGHT ENCLOSURE FROM ANY DIRECTION HAS NO DAMAGING EFFECT.	
Τ			7	IMMERSION UP TO 1M	WATER WON'T INFILTRATE EVEN WHEN LIGHT ENCLOSURE IS IMMERSED IN WATER UP TO 1M IN DEPTH. DURATION OF UPTO 30 MINUETS.	
Τ			8	IMMERSION BEYOND 1M	THE EQUIPMENT IS SUITABLE FOR CONTINUOUS IMMERSION IN WATER UNDER. CONDITIONS SPECIFIED BY THE MANUFACTURER.	
IP67. The item is protected from dust and capable of withstanding water immersion upto 1 meter for 30 minutes.						

 $ZONE\ 0$ Covers the areas inside the bath or shower tray. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

 $ZONE\ 1$ Incorporates the area directly above the bath or shower tray to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses a 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

 $ZONE\ 2$ Covers the area 0.6M outside the bath's perimeter and to a height of 2.25M from the floor. As with Zone 1, a minimum IP44 rating is required for this area

 $ZONE\ 3$ Outside zones cover areas which fall outside of zones 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

Installation must be made in accordance with the current IEE wiring regulations and relevant building regulations.

Calypso recommends that all electrical bathroom products should only be fitted by a suitably qualified Part P registered electrician.

Corner Layouts & Bath Bulkheads

With limited storage space in modern bathrooms the use of corners is becoming ever more popular.

Below illustrates some common corner layouts for you to consider when planning your bathroom furniture.

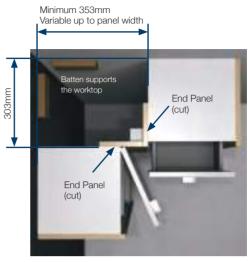

Layout 1: Suitable for doors only. (Using end panels in corner)

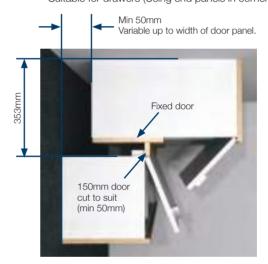

Layout 3: Variable.

Suitable for 2 door units only - using an end panel in the corner.

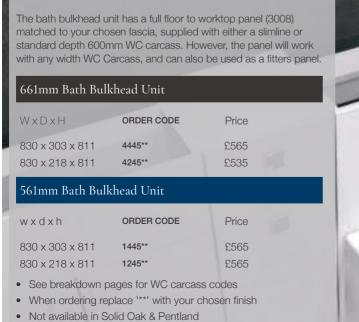

Layout 2: Variable.

Suitable for drawers (Using end panels in corners).

Layout 4: Variable.

Using door panels for corner. Plinth runs through.

Calypso/Notes

Important Notes

It is important when ordering and booking installations that sufficient time is allowed between product delivery date and installation date. This is for the checking of goods and if required, the re-delivery of any rejected or damaged items.

When planning, remember to allow for décor end panels for any exposed end-of-run base or wall unit carcasses, adding 18mm for each end panel required.

All our door finishes are supplied by default with the complimenting carcass colours as indicated on the inside front cover of this brochure. If a different mix of fascia and carcass finishes is required, they will have to be specified separately using the individual product codes shown within the pricing areas of this catalogue. The relevant

finish codes need to be added to each product code at the time of ordering. All stocked products are dispatched within 72 hours of ordering.

Our 250mm plinth can also be used as flyover shelving if cut lengthwise down to 220mm. All carcasses are supplied ready assembled, with door and fascia panels packed separately for fitting once carcasses are installed to help avoid damage. Door and drawer fronts are supplied undrilled for handles to give maximum flexibility and choice.

Slimline basin units in bathrooms will require reduced-depth semi recessed basins.

Calypso units are designed at a height to allow good access underneath the carcases to run the soil pipe and water feeds with a choice of 150mm or 250mm plinths.

Due to space restrictions on slimline units, the rear legs should be removed to run a soil pipe through, and rigidity is maintained by the front legs and wall fixing.

All our concealed WC cisterns are suitable for front access servicing. If other manufacturer's concealed cisterns are used, service access may become a problem.

Prices in this catalogue include VAT at 20%.

Product Notes & Specifications

Please note that some of the imagery within the brochure is CAD generated and may not reflect the unit exactly. We strongly recommend that any questions relating to detail of any units are asked prior to ordering.

Carcasses – All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. All carcasses are supplied with hinges, wall fix brackets and fittings, and base units come with adjustable legs and plinth fittings. All plinths, end panels and handles must be ordered separately. Unit dimensions given are overall including fascias but exclude legs (661mm units supplied with 150mm legs, 561mm units supplied with 250mm legs). Choice of three finished base unit depths (218mm, 303mm & 443mm). All carcasses are made from 18mm MFC with PVC edoing.

Vinyl Wrapped Doors/Worktops/Plinths/End Panels – All vinyl panels are a vinyl wrap on an MDF core. Doors, facias, plinths and end panels have an 18mm furniture grade MDF core, and vinyl worktops have a 22mm core. Any exposure of the MDF core

through cutting must be sealed with a proprietary sealant such as PVA or silicone to maintain the warranty. Printed colours and woodgrains are subject to print and screen variations and are for illustration purposes only.

Please call sales on 01432 367 367 to request a sample for exact colour matching prior to ordering.

Cast Basins – All Calypso cast basins are made from a mineral powder/polyester resin. The surface is protected by gelcoat which is at least 0.5mm in thickness. Clean and care for your top with a normal liquid detergent (do not use detergents containing abrasives) and buff with a good quality polish to keep your cast top in tip-top condition.

Postformed Laminate Worktops – Laminated on to a chipboard core, all worktops are supplied with a length of edging for re-sealing when cut.

(Additional edging strips are available on request, priced per metre).

Solid Oak – Doors and bath panels in this range have 70mm x 20mm solid oak frames and an oak veneered centre panel. All worktops, plinths and end panels are real oak veneer on an MDF core. If uncertain on veneered areas on the Solid Oak range please refer to our technical team on 01432 367 367. Please note: In purchasing this product you are aware that natural variations which are inherent in the shade and grain of naturally grown solid oak and oak veneer are beyond our control.

Bath Panels – These are supplied in two lengths of 1700mm or

DIMENSIONAL TOLERANCE - Due to the nature of materials and production processes, dimensions may vary within a tolerance of \pm 2mm on furniture, \pm 3mm on cast basins and \pm 5mm on ceramic.

Returns Policy

Any damaged or unwanted items must be reported within 7 days and made available for collection within 28 days. Any items ordered and delivered in good faith but no longer required will be subject to a 25% handling and re-stocking charge.

Non-required items can only be accepted for return if:

- They are returned in original packaging.
- They have not been fitted in any way (this would include legs fitted onto carcasses).
- They are in re-saleable condition.

Picking or Delivery Errors & Manufacturing Defects must also be reported within 7 days and made available for collection within 28 days.

Credit will be given once the goods are received back, inspected and signed off.

Any good under this policy should be returned to the retailer that they were purchased from.

Credit Approval or Refusal:

Once returned goods are received and inspected as per terms above, credit will either be approved or refused. If refused, a credit refusal number is assigned and a written reason given and sent by fax or email. Goods will then be held for 7 days before disposal. Any query regarding the refusal must be logged during this 7 day period.

Taking Care of Your Calypso Products

By following some simple care and cleaning guidelines, Calypso products can be expected to give many years of enjoyable, trouble-free service.

Calypso bathroom furniture is designed to be used within domestic environments. As with all timber products, adequate ventilation is key and your bathroom furniture will be adversely affected if subject to excessive moisture on the surface or in the atmosphere. It is strongly recommended that a suitable bathroom extractor fan is installed to prevent condensation building up and to prevent damage to the furniture.

Calypso timber based fitted furniture should only be installed within a well ventilated bathroom environment and is NOT suitable for installation in wet-rooms.

It is most important that any cut or exposed panel edge, and any floor or wall abutment with furniture or sanitaryware, must be sealed

with a waterproof sealant such as silicone or similar to avoid the possibility of water ingress and damage.

All water spills and sprays must be wiped clean and mopped dry immediately to prevent water marks or other damage.

Never use chemical or abrasive cleaners, bleach or furniture polishes on any bathroom furniture as the finish can be affected. Clean only with a soft damp cloth and a mild soap solution as necessary.

Solid Oak is a very hard-wearing material and its looks are enhanced with wear over the years. Occasional application of a wax-based furniture polish should be all that is needed to maintain its finish. DO NOT USE household cleaners or abrasive powders on oak, and remove any spills or stains immediately with a soft damp cloth and mild detergent (washing-up liquid). Excessive moisture or water spills will darken the oak surface.

CERAMIC SANITARYWARE - Clean with a damp cloth and warm soapy water. Rinse with clean water and polish with a soft cloth. Avoid using cleaners that contain abrasive solvents, acid or ammonia.

BRASSWARE - Clean with a damp cloth, rinse clean and polish with a dry cloth. Avoid using cleaners that contain abrasive solvents, acid or ammonia.

COLOUR REPRODUCTION - Colour reproduction is as accurate as possible within the limitations of the printing process. A free sample service is provided if you are unsure about the finish on your selected product. Please call sales on 01432 367 367 to order. Also note, colours will vary under artificial light.

Our company policy is one of continual improvement and development. We therefore reserve the right to alter materials and specifications without notice.

All orders are subject to our standard terms and conditions of sale which can be found at www.calypsobathrooms.co.uk/terms

A hard copy of our terms and conditions is available on request by calling us on 01432 367 367 or emailing your request to sales@woodstockco.com

Due to continuous improvements of our products, we reserve the right to change any product specification without prior notice. The text, images and layout of this catalogue are all protected by copyright and other intellectual property rights.

All imagery within this brochure is, where possible, a true representation of our products. However, some colours and finishes may vary due to print and screen variations. To gain a true representation of our colour and finishes, please visit our website for more information or use our free 24-hour sample service.

Our website should be used as reference for the most up to date products and specifications
