Organisation

Designed for Life

Showering is more than simply washing, it's taking much needed time for yourself.

The past couple of years have taught us that we need to take our time when we can get it. For many those precious, blissful few minutes in the shower are rare opportunities in our busy days to unwind, to relax and to refresh. It's a time to think, to recharge and to prepare.

From the clarity of the glass to the quiet glide of the doors and even the reassuring feel of the tray under our feet. At Lakes, we consider every element of the showering space, to make sure it suits the needs of the people using it.

Whatever you need, whatever your style, scale or budget, our intelligent designs means there's a solution for you and your shower routine need be anything but routine.

Bev Brown
Chairman

It's all in the detail

What does quality mean to you?

Our senses of sight, sound and touch combine – often without us realising – to define quality, and the smallest of details can make the biggest difference. So we've examined every component of the showering space and how each adds to this feeling of quality.

Softly-closing doors; refined hardware; handles that feel secure and comfortable in the hand; beautiful, crystal clear, specially-treated glass that doesn't scratch. Trays that feel solid and don't wobble underfoot. Elegant designs and solutions for multi-generational living. They may not sound revolutionary, but, together, they add up to something special – a reaction that's more 'ooh' than 'okay'.

We've even engineered things you don't notice immediately, but still make a huge difference when it comes to cleaning and maintenance, such as quick-release doors and unique interlocking caps.

Lakes' quality extends beyond ergonomics and craftsmanship. Our service is simply the best in the business and our precision engineering gives us the confidence to offer a no-quibble Lifetime Guarantee that is transferable if you move house.

It's the attention to detail that really counts. Because when we get it right, you can simply get on with enjoying your showering space.

LAKES glass... for a Superior Showering experience

Glass you see straight through.

Showering spaces tend to be mostly glass, but it's the last thing you notice because the eye is drawn to the shiny fixtures and fittings. In fact, the better the glass, the less you notice it. LAKES Glass has been developed to ensure a crystal clear, smear-free shower that doesn't detract from your beautiful bathroom.

Glass to give your bathroom a clear edge.

You may not have noticed it before, but the iron-oxide content of standard glass gives it a green tinge. It's most evident when you look at the edge of the glass – and the thicker the glass, the greener it gets – but it also tints everything seen through it.

That's why we introduced PureVue^{HD} with reduced iron for dramatically clearer glass. From your carefully chosen bathroom tiling and décor to fittings and accessories, you will see a purer true-colour vision of your bathroom.

Glass that stays sparkling and clear.

Your shower is where you unwind and relax. But it's hard to relax when you're distracted by scratched glass and hard-to-clean limescale, smears or soap scum. LAKES Glass with AllClear[®] has a high-tech nano-bonded treatment on both sides of the glass which means water, limescale and soap scum slide off the glass rather than sticking to it. It stays clear and clean.

Glass with added value built in.

Quality is defined by how showering spaces perform. How they stay looking great. How they add sparkle and clarity. How they save time, energy and effort of cleaning.

LAKES Glass: a superior quality showering experience.

Experience the true colours of your showering space with PureVue^{HD} crystal clear, low iron glass.

PureVue^{HD} low iron glass reduces the green hue in standard glass to near-zero, so glass is clearer, lighter and brighter.

PureVue^{HD} is included in our Island and Coastline Collections, and selected Walk-Ins at no extra cost.

Normal glass has a green tinge

AllClear[®] from Lakes

Less time scrubbing, more 'me' time.

The shower is often one of the most in-demand utilities in a busy household, which can make it hard to keep clean and looking good. That's why we introduced AllClear[®] advanced glass coating, available on both sides of the glass as standard and at no extra cost.

A simple wipe clean with a damp cloth of the specially-treated glass keeps it looking like new, so your relaxing shower isn't spoiled by smears and smudges or having to squeegee when you step out.

Lakes Glass with AllClear[®] is 10 times more scratch and impact resistant than standard glass, so it can handle whatever life throws at it.

The science behind clear glass.

The microscopic nanoparticles in AllClear[®]'s innovative bonded coating fills the gaps in the naturally pitted surface of the glass to ensure water, limescale and soap scum simply slides off. So it's less scrubbing for you and it removes the need for harsh chemical cleaners that can harm the environment.

Made by Lakes.

Built for life.

Kinder to the environment

We're all responsible for saving the planet – so Lakes has taken steps to be certified Carbon Neutral.

The threat posed by climate change is a daily reminder that we need to change how we operate as businesses and consumers.

Naturally, we recycle all our product waste, as well as our site and office waste, and our product packaging is 100% recyclable too. To complete the recycling loop, we are also working with customers to take back our used packaging from installers through participating stockists.

This step alone will remove 2,000 kilometres of plastic banding and two million pieces of polystyrene a year from landfill. Smart design also makes our product packaging safer and easier to handle.

We continue to work with Carbon Footprint Ltd to offset the carbon emissions produced in the day-to-day running of our business by investing in environmental projects. For this work, Lakes is proud to have been awarded the Carbon Footprint Standard and recognised as a Carbon Neutral Plus organisation.

We've also started on the journey of switching to electric vehicles. Both company cars and our commercial fleet will benefit from use of the bank of electric chargers installed at Lakes' Tewkesbury HQ.

Showers are important and integral elements of our lives. A personal sanctuary where we wash away our cares, relax and refresh. They are crucial to day-to-day life in many households. So when it comes to buying or replacing a showering space, it helps to know your sanctuary is backed by reliable quality assurance.

Lakes' no-quibble Lifetime Guarantee covers all of our showering spaces and spare parts and is also transferable. So even if you move home, the new owner will still be covered. Showering spaces and spare parts are covered for life. For more information on the guarantee for shower trays and electrical components, please contact us directly.

If you have a problem with any part of your Lakes showering space, we will sort it out. Quickly. Our efficient customer service means parts will probably arrive the next day. Another reason why we're recommended by homeowners, stockists and installers across the UK.

We recycle all our product waste, as well as our site and office waste, and our product packaging is 100% recyclable too.

To complete the recycling loop, we are also working with customers to take back our used packaging from installers through participating stockists.

This step alone will remove 2,000 kilometres of plastic banding and two million pieces of polystyrene a year from landfill.

What our customers say

“ Keep doing what you always have done. Nobody can ask any more of a supplier. Thanks for 14 years of great service. ”
Deb & Ralph Crook, RJC

“ You deserve recognition and praise for the service I received from you today. You answered the phone very promptly and managed to quickly find the shower door for which I needed a spare part. The two gentlemen I spoke to on separate calls could not have been more pleasant and helpful. If only more companies could behave in a similar fashion. ”
N Kelly

“ Superb quality, excellent after sales and a great prices. Thank you. ”
Diane Roberts

“ What a pleasure to be able to call a company and get through straight away. I purchased an ex-demo shower enclosure from a local shop. Unfortunately, lots of seals were missing and so were the instructions. After five extremely helpful minutes on the phone, I knew what I needed to do and the parts were sent to me in the post to me, free of charge. Thank you. ”
Gary Wilton

“ The Lakes warranty is outstanding as is their customer service. ”
Victoria Klyve

“ I have found AllClear® brilliant. I live in an area where the water is particularly hard and AllClear® keeps my shower screen sparkling clean. The water seems to bounce off the glass, leaving no need for constant cleaning. I would definitely recommend this product. ”
Fiona Clissold, Trustpilot

“ The service has been second to none, going that extra mile to find a resolution and help with a replacement part for my shower. I would recommend Lakes to anyone, especially with your excellent after sales service. Thank you. ”
John S Innes

“ My experience of aftercare/ customer service could only be described as 5 star. Having purchased shower doors and having managed to damage a part during fitting, I turned to Lakes hoping that a replacement was available and seeking to purchase the part needed. The response was instant. The email simply said part on its way and it was free. Nearly fell off my seat. Arrived 2 days later. Made my day to be honest. ”
Kelly Wilson, N. Ireland

“ Lakes spares department was outstanding. Craig was especially helpful and the quality of the shower enclosure must be the best on the market. ”
David Starkey

to last

Walk-In

COLLECTION

Fall in love at first sight, admire the stunning good looks, enjoy the practicality, savour the soul-nourishing sanctuary and marvel at the low maintenance. Think to yourself, “this one will last...”

Ambient

The Ambient Walk-In is the first showering space of its kind. Featuring a PIR motion-sensor that triggers the built-in LED lighting system concealed in the wall mount, it emits a soft glow of light along the edge of the walk-in panel. The ambience of the bathroom is subtly transformed by the use of soft lighting gently illuminating the room, so night-time visits to the bathroom are safer for all.

In the shower, the soft light created by the Ambient Walk-In means that the experience is calming, soothing and restful. Become lost in the moment, let the ambience relax you and transport you to your own private sanctuary.

W10-040

A vintage Ford Thunderbird car is shown in a dark, moody setting. The car is the central focus, with its sleek lines and classic design elements visible. The text "Designed for life's journey" is written in a white, elegant script font across the middle of the car. The background is dark and textured, possibly a wall or a large piece of art. The overall mood is sophisticated and timeless.

All measurements are in mm

A photograph of a person sitting in the driver's seat of a car, looking out the window. The image has a strong green color cast. The person's profile is visible in silhouette against the bright light coming through the window. The text is overlaid in a white, cursive font.

Space to breathe,
when the
door closes

A person is sitting in a train carriage, reading a magazine. The scene is captured from a low angle, showing the person's hands and the magazine. The train carriage has two large, rounded windows. The entire image has a teal or blue-green color cast. The magazine cover features a woman's face and the text "POCHTIS" and "Klopp".

Classic

COLLECTION

It's your time to be yourself, it's your showering space.
How do you want it? Stylish and practical? Smart and
affordable? Create a space that moves you.

Quick Release for easy cleaning

Many of our shower doors have a 'quick release' spring mechanism at the bottom to make it easy to clean around the base and hard to reach areas. Simply push the buttons to release the bottom of the doors and then click back into place when done.

Specification and Prices

Where there are two codes you must order BOTH product codes for your chosen size.

Every part
has a role to play

A woman with blonde hair, wearing a dark polo shirt with the number '24' on it, is sitting in a wheelchair and smiling. She is looking towards the left. In the foreground, a large, dark, circular shower tray is visible, partially obscuring the wheelchair. The background is a blurred crowd of people, suggesting an outdoor event or stadium. The entire image has a blue tint.

Shower Trays and Accessories

COLLECTION

It's the level of detail we go to that makes our showering paces special for everyone. From luxurious, tactile trays to beautifully crafted, sleek handles and seats. Every component is built to last.

Lakes Stone
Premium shower trays

Rectangular, premium stone resin trays with a matt finish. Available in a choice of four sizes and three colours. The 30mm anti-slip and anti-bacterial trays are easy to fit and can be inset into the floor.

Suitable for today's lifestyles, the beautiful tactile nature of Lakes Stone will enhance all showering spaces to create a luxurious, high-end feel.

Lakes Hinged Door from the Wave Collection with Lakes Stone Anthracite Shower Tray.

Traditional & Contemporary Tray Ranges

Our tray ranges include traditional stone resin and contemporary lightweight designs with a high quality surface finish. All trays carry the manufacturer guarantee and are available in a choice of styles to suit your space.

Our traditional stone resin trays are available in a 45mm low profile or in an 80mm standard height. Lakes' contemporary lightweight trays (max 30kg for the largest trays) have a 45mm low profile.

For size specifications and prices go to pages 162 - 165.

Square

Quadrant/Offset Quadrant

Rectangular

Pentagon

Standard Tray Shapes

Trays can be supplied to fit all models. Quadrants are designed to fit a 550mm tray radius.

All Walk-Ins may be fitted to a wide range of tray sizes – please contact Lakes for advice. Certain trays may vary slightly from those shown.

Drying area tray

We also offer a special rectangular tray with an integrated drying area, which is available in a number of sizes. For size specifications go to page 165.

Acrylic Capped Resin (ABS) Tray with square raised drying area

Easy-Plumb Kits (suitable for use with all Contemporary Lightweight Trays)

The following Easy-Plumb Kit systems are specifically designed to convert any of the trays on these two pages to a raised installation.

Note: tray guarantee requires the use of a base board kit, or suitable alternative fully supported base.

Tray Type	Product Code	Additional Information	excl. VAT	incl. VAT
SQUARE, RECTANGULAR AND PENTAGON	T-EP-KIT-ENH	All Square, Pentagon, and Rectangular up to 1200mm	£115.40	£138.48
RECTANGULAR up to 2000mm	T-EP-KIT-ENI	Rectangular >1200mm up to 2000mm	£148.58	£178.29
QUADRANT AND OFFSET QUADRANT	T-EP-KIT-ENJ	All Quadrants and Offset Quadrants	£138.48	£166.18
BASE BOARD	T-EP-KIT-ENK	Base Board Kits recommended for trays over 1200mm*	£184.64	£221.57

*Tray guarantee requires use of this kit or suitable alternative fully supported base.

Tray Waste

Tray Type	Product Code	Size (mm)	Additional Information	excl. VAT	incl. VAT
ALL LOW PROFILE TRAYS	T-WASTE	90mm waste	All Low Profile Trays 90mm waste	£41.83	£50.20

Tray Heights

Tray Profile: 45mm approx.

Tray Size Tolerance

Contemporary lightweight trays are manufactured with a standard tolerance (+3 to +9mm) to ensure they always slightly exceed nominal sizes, e.g. 700mm will measure 703 to 709mm at the top surface, 707 to 713mm at base.

Wastes

All trays are supplied complete with chrome waste to suit. Waste position is dependent on the type of tray selected. Complies with EN274-1. Contact Lakes for advice.

In the detail

Quality is all about detail and whichever solution you choose, you'll find real attention has been paid to every aspect of design, function and finish.

Please note: All measurements are approximate and subject to change without prior notification. All product images are for illustration only and subject to change without prior notification.

Frames

Our elegant aluminium frames are available in three distinctive finishes. Choose from anodized polished silver, matt anodized black or a clean white powder coated finish, where available.

All our Collections, including doors and screen heights are measured from the top of the tray or bath.

Choose from anodized polished silver, matt anodized black or white powder coated finish, where available.

Concealed fixings: Included on Island, Walk-In and Coastline Collections – all products except Alassio. Also included on SS100, SS105 and SS130 bath screens.

Safety Glass

All our products are made from toughened glass, approved to BSI EN12150-1 in a range of thicknesses (see product pages).

Toughened Safety Glass.

Handles

Our Lakes' branded handles are exclusive to the Island Collection (see pages 12-27) and Wave Collection (see pages 30-41). Smart and practical loop type handles in matching chrome plate, matt anodized black or white powder coat are fitted to all Classic semi-framed products.

Die-cast Loop Handles (Coastline Collection).

Die cast handle with bright chrome plate for hinged door, Island Collection (see pages 12-27).

Stainless Steel with Bright Chrome Plate, bow handles (Wave Collection).

Alternative Stainless Steel Loop Handles with Bright Chrome Plate (Classic Collection) SK-130

See pages: 96-139

Reversibility

To match your room design the majority of our products, including doors and bath screens

are designed for universal fitting. However, please consult Lakes before ordering to ensure compatibility with site conditions.

Flexibility

Many of our Classic products can be made available in special heights and widths. For more details, please call Lakes.

Bearings

All our sliding door wheels are fitted with robust stainless steel bearings. The top bearings are adjustable to allow for fine tuning of door alignment. The bottom roller bearings feature 'Quick Release' buttons, spring loaded for easy cleaning.

Coastline Collection top wheel (excluding Bay Series).

Adjustability

For the perfect finish, all our Collections have an adjustment for out of true walls built into each wall profile. The full range of tolerance is shown on each specification page.

Adjustable Wall Profiles.

Additional Strength

Bracing arms provide additional support, strength and safety for all double panel bath screens and our elegant Walk-In and Shower Screens.

Double Panel Bath Screen Bracing Arm.

Bath screen seals

Lakes bath screens come with high quality bottom seals. Over time and use this rubber can deteriorate and become less effective. Replacements can be purchased individually and easily fitted to your bath screen.

Universal bottom seal for 6mm bath screen hinged panel SS10-SS66. S004-780 (clear) or S004-780B (black) £26.77 incl. VAT and postage. excludes end caps, SK-36 (clear) or SK-B36 (black).

Detail:
SK-36 (clear) £14.86 incl. VAT
SK-B36 (black) £14.86 incl. VAT

Optional Ceiling Bracing Kits

LKSS-C150: Available for Classic Walk-In (page 62) and Classic Shower Screen (page 70).

W10-040: Available for Walk-In Collection Cannes (page 76) and Marseilles (page 64).

W10-040B: Available for Wave Walk-In showers (pages 42-45).

Ceiling Bracing Kit LKSS-C150.

Ceiling Bracing Kit W10-040.

Ceiling Bracing Kit W10-040B.

Extension Profiles

Our high quality extension profiles can be used to bridge gaps in non-standard sized openings (detailed on relevant product pages).

860-N - Aluminium Extension Profile for Antigua and Aruba, Island Collection.

Can be fitted to FIXED PANEL SIDE only of slider door and to side panel on the Aruba.

Profile image not shown.

LK8LEPS - Aluminium Extension Profile for the Island hinged door collection and Coastline Walk-In Collection (excluding Alassio).

LK8LEPB - black variant for Wave Walk In products.

8HLEPS - Aluminium Extension Profile for the Coastline Doors (8H) Collection.

LEP S (silver) or LEPW (white) - Aluminium Extension Profile for the Classic Range.

WAVLEPS (silver) and WAVLEPB (matt black) - aluminium Extension Profile for Wave & Wave Black shower door Collections.

Accessories

Lakes Additions

Our products are designed with modern family life in mind, reflecting changing demographic trends such as the rise in multi-generational living. Bathrooms that cater for different needs within the same household are increasingly important, with style, accessibility, robustness and low-maintenance all high priorities.

Lakes Additions is a growing suite of additional options for showering spaces to suit your life and style. Whether it's adding a removable handle or a discreet foldaway seat, this versatile range means everyone in the home can enjoy an invigorating shower without compromising on comfort or design.
