## **Pool staff**

The pool staff has full and complete responsibility of interpreting and enforcing the rules and regulations. Any infraction of these shall be brought to the attention of the persons involved. Persistent or complete disregard of these rules may mean loss of pool privileges at the discretion of the pool staff. The Board of Directors will give its attention to any disagreements which are put in writing.

## **Guests**

Residents sponsoring guests must take into consideration the right of Longmeadow residents to enjoy the pool without interference or abuse from any invited guest. In general, and particularly in the case of clubhouse rentals, residents are limited to no more than five guests at a time. Depending on pool usage, the pool staff may further limit the number of guests allowed into the pool. Residents must sign in their guests. Residents **MUST** be on the property in order for guests to use the pool.

## **Enforcement**

The pool staff has the responsibility for maintaining decorum and adherence to the rules and regulations by all users of the pool, including residents, owners and guests. He/she shall have the right to caution or otherwise request that offenders desist prohibited behaviors. The pool staff may take away pool privileges for a specified length of time and report all details to the Board of Directors.

It will be the responsibility of each resident to see that these rules are followed and, if necessary, assist the pool staff in seeking compliance should such an occasion occur.

## **Changes to regulations**

No change to these rules is valid unless approved by the Board of Directors and distributed to all unit owners.
