Where Clinical Expertise Meets Compassionate Care

We appreciate the opportunity to introduce Hearing Art and share how we can support your patients' hearing healthcare needs. Our goal is to help patients reconnect with the people and moments that matter most while ensuring they receive professional and effective hearing care.

THE PROFESSIONAL EDGE

25+ Years Experience

Led by Margaret Tsang, a Registered Hearing Aid Practitioner (RHAP) and Tinnitus Retraining Therapist (TRT) with decades of clinical success in Alberta.

Independent & Unbiased

We are not corporate-owned. We prescribe all global brands to find the best fit for your patient's hearing needs.

Multilingual Care

Full diagnostic and counseling services in **English, Cantonese, and Mandarin**.

THIRD PARTY COVERAGE

We manage all paperwork and third-party billing for our clients.

- Alberta Aids to Daily Living (AADL)
- Non-insured Health Benefits (NIHB)
- Veterans Affairs Canada (VAC)
- Workers Compensation Board (WCB)

CLINICAL SERVICES

Full Diagnostic Assessment

Comprehensive testing for adults and seniors with detailed reporting sent back to your clinic.

Eustachian Tube Function Assessment

Tympanometry and acoustic reflexes measurement are included in our hearing assessment.

Tinnitus Management

Specialized evaluation and sound therapy protocols for persistent tinnitus.

Urgent Audiological Assessment

We accommodate urgent audiological assessment for sudden hearing loss.

Patient-centred Care

Complimentary screenings for seniors, and free hearing aids trials with no obligation.

Community Impact

For each pair of hearing aids sold, we donate $100 to charity or non-profit organization.

Find us by searching "hearing art" in AVA and Accuro EMR platforms for a quick hearing test requisition.
