Letter from the President

I am writing this month's message from my hospital bed in Knoxville. I hate the fact that I have missed our monthly meeting as I have only missed a few since we started the club. I know that the Club is in good hands with our volunteer officer team.

We all should be proud for the funds that were recently distributed to our local charitable organizations. Every dollar helps them meet their goals and ultimately helps our local community in ways that we may never know. The thought of one child receiving a meal, or a new pair of shoes, or a new coat to wear, or a simple Christmas present as a result of our giving, warms my heart.

Christmas is coming fast, and our focus should not be on our Club. There are many social events on our calendar, and we should take the time to enjoy them together as we celebrate the birth of our Lord, Jesus Christ. Please take some time to unwind, rest and enjoy, but be ready to get started in again in January.

I hope to see you all soon. Merry Christmas.

Pat Dukes, President

Meeting Minutes – December 2

Doug Rodgers called the meeting to order at 6:30 pm. He was filling in for Pat who has been in the hospital for the last 5 days. He welcomed the 13 members in attendance. Prayer requests were asked for. Bob Latham led the Pledge of Allegiance and gave the opening prayer.

Bob provided the Treasurer's report: Beginning Balance: \$16,614.29, Activity: \$-8,243.32. Ending Balance: \$8,370.97. The large outflow were our contributions written to our local organizations. They are complete for 2025. Jackie made a motion to accept the report. Seconded by Chris G. Motion passed.

The minutes from the last meeting were published in the newsletter. Thanks to Ashley for capturing these notes. Sherri made a motion to accept the minutes as published. Rob Seconded. Motion passed.

Old Business began with a discussion on our 2025 car shows. Doug commented that both 2025 shows went well. He wants to begin the work on the 2026 shows in January. Selling Program Book advertisements will be the first activity as they need to be forwarded to Pat for layout in March. Linda asked about assigning sponsors to members. Rick E. has developed a spreadsheet, using our 2025 program book, which can be used to organize that. He will forward it to Doug.

Membership is currently at 43 members. Doug stated the next goal will be 60 members. All dues are due at the next meeting on January 6th. Please pay promptly. Rick E. emailed letters to our active member list today as a reminder. He has a second letter written to send to 130 former members. Our membership roster has been updated from the actual forms for 2022 through 2024 (3 years). Bobby Estes presented an idea to make membership free to all who attend every meeting, but added this may be hard to verify.

While Bobby had the floor he mentioned that he was working on the Lakeway Power Tour schedule for 2026. The very first event will be on January 1st to the Random Rods Cruise In at Subway in Rogersville. Meet at the Shell station across the bridge in Bean Station at 8:00 am to caravan together. We will park in the Burger King next to Subway.

We will deliver the toys we collected at our "Fill the Truck with Toys" car show to the Jefferson City Chamber of Commerce at the Armory on Old AJ Highway in Jefferson City at 9:00 am on Friday, December 5th. Please come out if you want to help.

The Mustang Club will hold a Christmas Party Tuesday, December 9th at the Golden Corral in Morristown at 7:00 pm. Please bring a new unwrapped toy for Toys for Tots. A few door prizes will be given to attendees. The Club meeting will commence at 7:30 pm.

New business began with Rick E. reviewing some of the major by-law changes that are forthcoming. The number of Board of Director (BOD) members and committee structure were briefly discussed. We must always have an odd number of BOD members, which include the President and Past President. Currently, our Past President is inactive, thus we need an additional member. Linda made a motion for Rick E. to fill that position. Rick accepted. Bobby E. seconded the motion. Motion passed. Two new articles have been drafted to outline our process for giving to charitable organizations. These have not yet been approved by the BOD. The current by-laws, published on our website, are still in effect.

By-Laws Update

The MCC Car Club By-laws is a “living” document that outlines the constitution and administration of the club. Being a living document, it must be consistently updated to ensure that they represent guidelines for how the club operates (saying what we do) and auditing that club leaders are working within those guidelines (doing what we say). Changes were recognized in the existing document, and a new draft was created.

The Board of Directors met on Tuesday, November 25 to review the changes against the current document and the new draft. This article reviews some of the changes.

- **Members.** We added member statuses and a new section for removing an active member.
- **Board of Directors.** The number of BOD members and the role of the President as part of the board were discussed. The total number of BOD members, including the President and Past President, must be odd. Because it is not currently, one additional director will be added immediately. The President has the same rights as other BOD members.
- **Election Process.** All Board of Director, Club Officers, and Committee Leaders are nominated and elected. There are none appointed. Processes for all three levels were discussed and updated.
- **Duties of stated roles** were discussed and updated.
 - The Charities Committee was eliminated. Two new by-laws articles states the charitable giving process to organizations and another to individuals and families.
 - The Public Relations position was put under communications.
 - A new Events Committee to manage cruise in production and fun runs was added.
- Many minor changes eliminating redundancy and making the document more readable.

A follow-up meeting of the Board of Directors will take place to complete the review of Articles Seven through Eleven. Once completed, it will be presented to Club Officers and then later to the members. These changes were approved and will go into effect immediately once approved by the membership. The completed 2026 document will be posted publicly on our web site.

Meeting Minutes – December 2 (continued from Page 2)

Doug reminded everyone that our annual Christmas Party will be at Bob & Linda's house on Saturday, December 13th at 4:00 pm. Meat will be provided by the club. Please bring a side dish to share. Also bring a \$15 gift if you want to play the "Dirty Santa" game. Please RSVP to Bob Latham (bobgoespostal61@yahoo.com) by Wednesday, December 10th as they need to plan for space.

Linda made a motion to adjourn at 7:26 pm. Sherri seconded the motion. Motion passed.

Request for Help Selling Program Book Ads

The Car Show Committee is looking for volunteers to assist in selling advertising to local businesses for our 2026 Program Books. These books will feature our "Hot Daze, Cool Ridez" July and the "Fill the Truck with Toys" October car shows, be an advertising tool for those shows, and represent a main source of income for our club.

Last year we collected approximately 100 advertisements from local business organizations, which is a considerable effort to solicit, collect materials and information and design into a program book.

We can assign you to local organizations that were in last year's book, you can visit new local organizations, or both. These organizations do not need to be car related; they just need to offer their products and services to our affluent car enthusiast market.

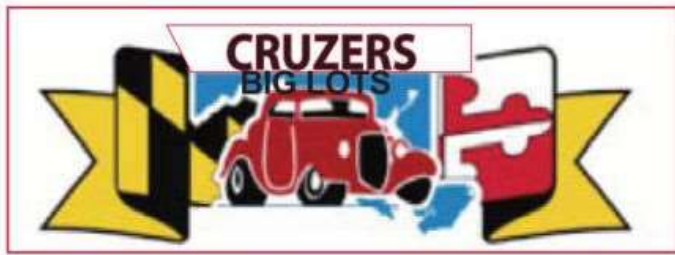

If you have some time and are interested, please call or email Doug Rodgers (904-802-8027, nascar02nut@gmail.com) or Bob Latham (301-602-7498, bobgoespostal61@yahoo.com).

We are organizing now and will start selling in mid-January.

Club Status Report

As we complete our 2025 Club Year, please rest assure that our club is great shape.

- Our leadership team, and board of directors, are dedicated to the club, looking for more volunteer help, and is willing to delegate tasks. The more resources we have available, the more we can accomplish as a group.
- Our membership is small, but stable. We are closing 2025 with 43 members.
- Our events are well known, liked, and attended.
- Our bank balance is healthy, even after giving over \$11,000 to local charitable organizations this year. Through giving, we are making a difference in our local community.

Have a great, safe, and happy Holiday season. Rest up for another fun year in 2026. We look forward to seeing you all next year!

Nominations & Election of Operating Committee Leaders

While our club officers manage the club on a day to day basis they do not do all of the work, or at least by design, they are not supposed to be doing all the work. There is another layer of help that shares in that work. These are referred to as operating committees.

In our current by-laws, Article 6, Section 2 - Nominations & Election for Operating Committee Leaders states:

In JANUARY of each year the membership shall nominate and elect from its body for the following Operating Committee Leaders: Car Show, Charities, Communications, Membership, and a Chaplin. This should occur as soon as possible in the new year, preferably January. Article 7 goes on to provide a brief job description for each committee.

As we are quickly approaching the new year, it is time to find and nominate strong team leaders for these committees. This is a short window of opportunity for change. We are asking every member to do one of two things:

1. To directly step up and volunteer to run a committee, or
2. Volunteer to work on a committee (but not be the leader).

Most roles do not take more than a few hours per month and do not require special skills. All however require a commitment to attend meetings and do the work. Operating expenses, if any, will be reimbursed by the club.

This club has been operating understaffed with only a few individuals shouldering most of the work. It is time to stop that and staff to required levels, or change the club by-laws requiring those levels. It can be argued that if the position has gone unstaffed, then it must not be that important.

One of the many outcomes of volunteering with the Mossy Creek Cruzers Car Club is strengthening your connection to the community, allowing you to make a tangible, positive difference and feel a stronger sense of belonging. Please contact any officer of the club to discuss your interests/talents and club needs. Together we can make the club the best we can be in 2026.

Why Should You Join a Club?

Saturday Night Cruise Ins are free so why do you need to join the club? There are many reasons for why we choose to join the clubs that we do. In this short article, I want to share one, not so obvious, reason why you should join a local club.

Membership dues collected by local clubs pays for the operation of the club and allows for club activities to occur. Of course, we all could attend a Friday night cruise in and not pay dues, but that is only until they are no longer offered. Then what? The cost of membership is actually an inexpensive price for the opportunity to have fun at those events all summer long.

In a larger view, our participation throughout the year helps the Club fund charitable giving to local service organizations. Indirectly, others benefit from your participation.

We welcome all of those who routinely participate in our events to join our club and request that our existing members pay their dues on time (before the end of January).
