January & February
2024
NEWSLETTER
Volume 142 & 143
Editor: Pat Dukes

What a strange month January and February has been!! It started off pretty good. Then on January 15, our world turned WHITE!! The most snow since 1993 in this area!! There was 8 1/2" here at my house. It is beautiful but very treacherous, with lots of accidents!! And the bad part was that it didn't melt for days and days! I am not a "snow" person so was stuck in the house for days on end!! Several people in the club were sick during this time also and couldn't get out at all.

In February, it has been cold and warm!! You just don't know what to expect!

It is still cold but I would rather it be cold, with rain, rather than snow! SPRING, HURRY AND GET HERE!

The weather has delayed the selling of ads for our book also. I planned on getting out in the first week of February which I did. Would some of the members PLEASE help sell a few ads! If you only sell one or two, it really helps the two or three members that do try to help with the book. Most businesses are very willing to buy an ad when they hear about all of the charities that we help. You can get paperwork from Pat. it includes price of ads sheet, invoices and last year's book. if that will help you. I also have last year's book if you need one to show to the possible customer. We will print approximately 3,500 books to be given out at cruise-ins and car shows as well as a few books to each advertiser.

It is the time again to re-join the club. We have never raised our membership fee. It is still \$20 for husband and wife or significant other. You can come to a meeting to pay (first Tuesday in the month) at Shoney's in Dandridge at 6:30pm or pay directly to Pat Dukes or Bob Latham. Come on, let's get this club strong again!!

It is almost cruzin' time! Our cruise-in starts the first Friday in April

I apologize for the lateness of these two months of newsletters but I had an accident and was not able to do anything in January! But I am slowly recuperating so will try to do better from now on.

MEMBERSHIP FEES ARE DUE! STILL \$20.

Letter from the President

Hello Cruzers,

As most of you know, I have always wanted a golf cart for the club to have for our car shows or whatever else we might want to use it for... well take a look at these. I think they are great!!

Just think how cool it would be to have one of these...it would just fit right into the look of our club!!

I know this is not something that we will have but wanted to share these pictures with all of you. Enjoy looking at them!

Keep Cruisin',

Pat Dukes, President & Newsletter Editor
Mossy Creek Cruzers Car Club

This was printed in the newsletter before but I thought it was very interesting. It is amazing the things that people come up with!

Wouldn't it be great if someone in our club could do this for the Cruzers?

We could have it at all of our car shows and even at our cruise-in at Big Lots!

Oh well, it is just a wish on my part!!

Just enjoy looking at the pictures!!

1967 Chrysler Newport 2 Door Hardtop - \$13,900. This car is in WOW Condition. Straight out of a time capsule. 383 Big Block Car, Never restored original. Two owners, father and son. Been in the garage for about 30 years. All the maintenance done and running / driving beautiful.

1968 Plymouth Fury Three Convertible – \$11500, Most solid and straight original car you could find. 318 Automatic. Runs beautifully and could be one of two for a His / Hers or Father / Son pair.

1968 Plymouth Fury Three Convertible – Ive had this car almost 10 years with no intention to sell. \$11500, All chrome is there but removed for body work. Body is done and solid and in primer. Runs great but has been parked for 5 years. **SOLID** car.

Set of 3 – 1966 Cadillac 4 doors. \$7500 - two of them run. All have been parked for various periods. Will build two very nice cars.

1 – 1968 Cadillac Convertible – \$7500. Runs great. New valve job. Heads not back on yet. Top works and car drives and drove well before head work. Pulled heads for broken exhaust manifold bolts and figured while I had them off I'd just go ahead and have the valve job done. (with receipt).... Price reflects heads installed and car running.
