Stressless Summer Skin

TREATMENT SPOTLIGHT
"I've Got Your BACK!"

Because my back facials have become one of my most popular and requested treatments at St Clair Skin Care, I'm excited to introduce my new "Lay Back & Relax" Summertime Back Facial - a treatment designed to unwind while giving your back the professional skincare attention it deserves.

So many clients have shared how much they love giving their back the same care and attention they give their face - and I couldn't agree more! Your back deserves to be pampered too, especially during the summer months when we're wearing swimsuits, tank tops, and enjoying more time outdoors.

This relaxing and rejuvenation treatment is the perfect way to refresh, nourish and care for an often-overlooked area. Whether you're preparing for vacation, a special occasion, or simply want to indulge in some well-deserved self-care, this summer treatment will leave your skin feeling smooth, refreshed, and renewed
