A Message From Marla

I hope you have enjoyed a beautiful, sun-filled summer! While the warmth and time outdoors can lift our spirits, UV rays, heat, chlorine, and sunscreen can leave skin congested, dehydrated, and uneven. Many of my clients at St. Clair Skin Care have recently noticed these concerns, along with increased hyperpigmentation and sun spots.

Autumn is the perfect time to reset and repair. With less intense sun exposure, we can safely focus on resurfacing damage, building collagen, restoring hydration, and brightening the complexion.

To help your skin recover, I have designed three exclusive End-of-Summer Packages that pair foundational care with powerful clinical technologies for visible, lasting results.

Treatment Spotlight

End-of-Summer Services

The Glow & Lift Express

~~\$230~~ \$195

- Combine our signature Results-Driven facial with a targeted microcurrent mini-session.
- Perfect for lifting, toning, and rehydrating tired skin.

The Ultimate Sun-Damage Undo

~~\$400~~ \$345

- Pair an advanced chemical peel with a soothing post-peel facial 10 days later.
- Perfect for erasing stubborn hyperpigmentation and building fresh collagen.

The Autumn Prep Premium

~~\$580~~ \$495

- Combine a deep cellular micro-needling session with a complimentary healing facial.
- Perfect for drastic texture refinement and an unmatched autumn glow.

Exclusive High-Ticket Incentives

Thinking about a larger transformation?

Book any premium treatment over \$500 this month (including our advanced micro-needling or microcurrent packages) and receive a \$50 luxury voucher toward your next fall booking.

Alternatively, purchase a series of 3 chemical peels and receive a complimentary \$160 Results Driven Facial.

Spaces are limited as we close out the season.

Product Spotlight

Le Mieux Growth Factors

Growth factors are the proteins that tell your skin cells when to repair and rebuild collagen. Production naturally declines with age, which is why cell turnover slows and collagen breaks down faster than it rebuilds.

EGF-DNA

\$115

Repair
Rejuvenation

Stemcell-EGF

\$125

Cellular Renewal
Anti-Aging

TGF-β Booster

\$70

Collagen Protector
Glow

Google Review Contest

Congratulations to Christine Cabula!

Thank you for taking the time to share your experience at St. Clair Skin Care by leaving a Google review. If your name wasn't selected this time, don't worry—you'll automatically be entered into our next drawing! Returning clients can earn an additional entry by referring a new guest to St. Clair Skin Care. Once your referral completes their first appointment and leaves a Google review, you'll receive a bonus entry into that month's drawing. If you haven't already, please consider leaving a review on our Google page for a chance to win a 1-hour Vitamin C facial. The winner will be announced in October. Good luck!
