

2021 Safety Policies

MASKS

A mask or face covering is required for anyone who enters the facility as long as mandated by our NC Governor. A disposable mask can be purchased for \$1 each.

HAND SANITIZING

Any person entering the facility will need to sanitize their hands upon entering. Hand sanitizer will be provided near the sign-in table.

SOCIAL DISTANCING

We will practice social distancing in our classes. Class sizes are limited to ensure students can maintain a 6 ft distance with one another. Based on the skill being taught in class, students may be closer than 6 ft for a short period of time.

PICK-UP/DROP-OFF

We ask that only one parent or non-participating individual enter the facility to sign-in/out students. We will enter/exit through the large bay doors to allow for social distancing.

TEMPERATURE CHECKS

Temperature checks will be performed for any person entering the facility. Anyone presenting an elevated temperature will be asked to leave.

ILLNESS

If you or your child are experiencing any illness symptoms, please do not bring them to class. Any student, staff, or parent displaying any sign of illness upon arrival or during class will be asked to leave immediately.

CLEANING

We are committed to providing a clean and sanitary environment for our students. We will clean equipment between classes and perform an extensive cleaning at the end of each practice day.

WATER BOTTLES

We encourage our students to bring a water bottle with them. However, please know that any water bottles left in the building at the end of each day will be thrown away.
