

JOHN CRUIKSHANK

for Los Angeles County Supervisor - 4th District

John Cruikshank has the much-needed balance of experience as a licensed civil engineer and public servant. He has been on the Rancho Palos Verdes City Council since 2017 and has run his own engineering company in LA County since 1996. As a proven community leader, John Cruikshank will be an effective Supervisor helping us solve our most pressing issues that affect all of us and our businesses in Los Angeles County. Our current Board of Supervisors does not have the necessary experience or knowledge to help us.

Elect John Cruikshank so he can tackle our CORE FOUR ISSUES:

- PUBLIC SAFETY
- INFRASTRUCTURE
- HOMELESSNESS
- ECONOMIC EMPOWERMENT

JOHN CRUIKSHANK

for Los Angeles County
Supervisor - 4th District

PUBLIC SAFETY – Public safety is a top priority. It is imperative that LA County jails have the capacity to house all of our criminals. The current Supervisors are wrong to push to open the jails letting out our most dangerous inmates. Let's Make Crime Illegal Again!

INFRASTRUCTURE – One of our greatest freedoms is to be able to have a car and go wherever we want whenever we want. This freedom is under assault while the focus of the current Supervisors is to spend money on declining, unsafe transit systems. We need to do whatever we can to reduce the price of gasoline and to eliminate traffic congestion.

HOMELESSNESS – This is a huge problem that must be broken into smaller and more manageable solutions. John is in full support of Conservatorships forcing the highest risk people into hospital treatment. We owe it to our residents and businesses to eliminate homelessness from our streets and public spaces.

ECONOMIC EMPOWERMENT – Our Los Angeles County government should not interfere with the free market. John has experience in the private sector as a business owner since 1996. The current Supervisors do not appear to have any experience as business owners, so they don't have the capability to solve problems that they don't understand. John will be focused on reducing inflation while taking government pressures such as rent control, minimum wages, and eviction moratoriums off our businesses.
