**Load Liner Kit**

The weather-resistant load liner kit provides effective protection from paint damage. The black liner, which can be precisely adapted to the bed, is made from durable plastic and runs below the load compartment sill. This means that it is compatible with the bed covers, the lashing rails and the load anchoring rail system on the side panels.

# The new X-Class.

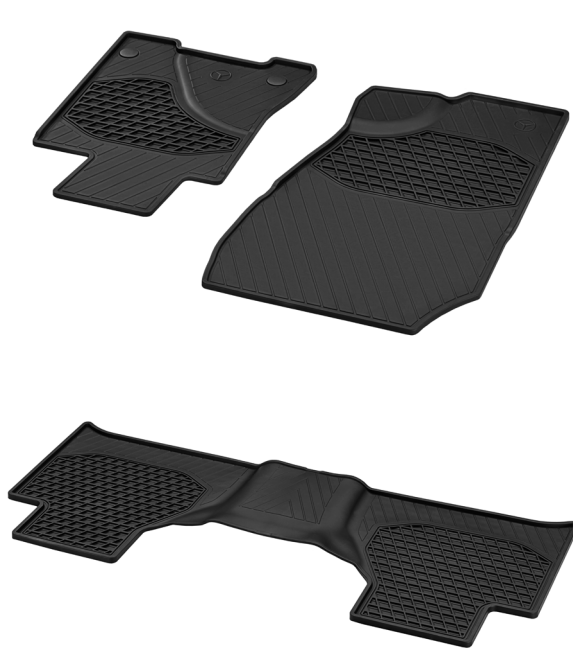

Bringing worlds together.

The game-changing X-Class is built to confidently defy the elements – in any environment. Its robust design and powerful performance enable you to master tough terrain with ease, while its spectacular styling makes you stand out in the urban jungle too. In fact, the vehicle is equally impressive at being a reliable partner for your everyday working life, as it is being your companion for spontaneous adventures in your free time.

With our comprehensive range of Genuine Accessories, you can expand the X-Class's functionality and indulge your passions for adventure, sports and exploration. For example, you can use the hardtop or roll cover to protect your equipment, or stop the interior from getting dirty with matching all-season floor mats.

However you plan to use the X-Class, you can fully customise it to your exact needs with our versatile and impressive options – and look forward to making the most of your new pickup, the first of a new kind.

**All-Season Rubber Floor Mat Sets - Black**  
Our hard-wearing, all-season mats help protect the interior when the weather is rainy, when there's slush underfoot and when shoes are muddy. Their precision fit provides optimum protection for the original floor covering and the raised edge prevents liquid from seeping into the floor. The material is easy-clean and waterproof. The mats are tested to ensure Mercedes-Benz quality and will withstand any scuffing test. And the mats score highly when it comes to flame-resistance too. The Genuine Mercedes-Benz mushroom-head fastening system keeps the drivers mat securely in place.

**Velour Floor Mat Front Set**  
Our floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour, even after three winters of use, are all specifications that must be met without compromise. They can also be clip-fastened to the floor to prevent slipping.

**Hardtop Canopy without Roof Rails\*\***  
The hardtop canopy, without roof rails, extends the load compartment and protects from theft. Thanks to the use of high-quality materials, it is robust, long-lasting and keeps both moisture and dust away from the load. The lines of the hardtop, which are painted in the same colour as the vehicle, are an excellent complement to the overall design.
